Liberty Bell Library
January 2015

Author Visit

It is time to start thinking about our author visit planned for **April 30th**. This year, we will be welcoming **Michael Patrick O' Neill** to Liberty Bell. Michael has published many nonfiction books based on his award winning ocean photography. He has traveled the world exploring the oceans and taking pictures. He is a strong conservationist and will be presenting to the students in a 45 minute to 1 hour assembly. Most of his books have already arrived here in the library with more on the way.

Prior to Michael's visit, students will have the opportunity to read and view his books. I will be sending home book order information with all students informing parents of the autographing and book ordering process. As the big day gets closer, I will be passing along luncheon, assembly and book ordering info.

You can check out Michael's website at
www.batfishbooks.com

Michael's Books Include...
