Troy Ruch	AP Summer Institute in US History <i>The goal of the AP U.S. History course is to “encourage students to become apprentice historians who are able to use historical faces and evidence in the service of creating deeper conceptual understandings of critical development in U.S. History.” Key to meeting this goal: creating a learning environment that encourages students to develop the historical thinking skills used by historians while engaging with provocative questions about the past. This workshop will help teachers understand how to use the Curriculum Framework to frame lessons that promote historical investigation and conceptual learning, and within that context, how to help students develop the specific historical thinking skills required by the course. The revised AP U.S. history course will go into effect in 2014-2015.</i>	Abington, PA	7/28-31/14	4	0.00	F (Title II) S (ABG)	940.00
