Michael Pauling	<i>The Blended Learning Experience The full day experience will allow participants to be able to experience some of the many forms of Blended Learning Show-casting the station-rotation model, the flipped learning model, and the supplemental blended model, current educators will be conducting mock classes for participants to experience blended learning. With follow-up panel discussions and resource sharing, this day can benefit those that may be interested in learning more about blended learning to those that want to continue to hone their craft.</i>	Schnecksville, PA	11/9/16	1	0.00	L	17.28
Kari Bennett	<i>TEEAP and STEM Conference The TEEAP conference is one of the best conferences in our area about STEM and Technology Education. Throughout the day there are many opportunities to attend sessions about what interests you, or what would be best for your school setting. There are vendors showing some of the latest equipment that is available. Current teachers, giving you insight on how they teach the lesson and if it would be possible to implement that particular lesson in your classroom, teach most of the sessions. This year I have won the award for Elementary STEM teacher of the year. I will also be recognized by Millersville University. I also am the recording secretary for the meeting and held on Wednesday night.</i>	Lancaster, PA	11/10-12/16	3	200.00	L	448.56
