Attorney Bartholomew read the following statement,

"Under usual circumstances, any matter concerning School District personnel is considered to be confidential and is not discussed in public. In this particular case, Mr.

Neefe, the employee involved in the investigation, has waived his right to confidentiality and has specifically authorized the School District to make a public statement regarding the outcome of the investigation. Since Mr. Neefe has given the School District permission to comment about this matter, we make the following public statement on behalf of the School District concerning the investigation:

The School District has completed its investigation of the complaints which were made against Brian Neefe, Softball Coach. The investigation included interviews of Mr. Neefe, the assistant coach, and athletic trainer; interviews of the complaining parents and their daughters; and interviews of all other team players and their parents. Our findings are (i) that there is no basis to conclude that Mr. Neefe's conduct placed any players at risk of injury or harm beyond those normally associated with participation in the sport of softball and (ii) that he committed no acts of misconduct.

The School District will make no further public comment about this situation and considers the matter to be closed."

REPORTS

Lehigh Career & Technical Institute

Mr. Miracle reported that he and Mr. Eddinger, the District's newly appointed representative to the LCTI Joint Operating Committee, attended a LCTI Board meeting last week.

Mr. Eddinger commented that LCTI students now win many awards statewide compared to 12 years ago when Dr. Hornberger arrived at LCTI and they were not winning any awards. Mr. Eddinger also recognized Mr. Miracle for his 12 years of outstanding service on the LCTI Board, and mentioned that Mr. Miracle is well respected by his peers.

Education Committee

Mrs. Auteri and Mrs. Gunkle spoke about the Intermediate School Task Force Culture and Academic Recommendations that were distributed to the Board.

A positive school environment or culture built on mutual respect and beneficial interactions impacts student learning. The task force valued a culture that is supportive and focused on high expectations for all students and expects collaboration as the "way we do business." The following recommendations were listed:

- Create learning neighborhoods/communities
- Create shared teacher leadership, collegial relationships
- Establish an environment to support the developmental and diverse needs of students and emphasizes relationships between students and teachers
- Establish a safe and orderly environment
- Create a school-wide behavior plan
- Parent/Community partnerships

Success in today's world demands that students need "different core of knowledge" embodied in the 21st century skills. Observation of model schools reveals that these districts emphasize relationships, along with a relevant and rigorous curriculum for all students. The following recommendations were listed:

- Implement a modified schedule for 4-6 grades
- Work with the International Center for Leadership in Education to determine essential standards on which we should focus through the Curriculum Matrix and the National Essential Skills Study
- No ringing 'bells' for schedule/class changes
- Provide Professional Development for Quadrant D and possibly for teachers assigned to new content
- Support World Language recommendations for Spanish Immersion through grade six
- Related Arts recommendations to be submitted by others

Superintendent's Report

Mr. Liberati reported that work is continuing on the data report with regards to the assessments results. The Mathematics Department is currently analyzing the data and it will be presented to the Board in about 2 weeks.

Facilities Report

Mr. Liberati apprised the Board of on-going efforts to secure additional office space for Central Office staff. The only available space at Central Office is the staff development meeting room, which he does not want to give up by converting into offices.

The following options are being investigated:

- Installation of a modular building at Central Office
- Leasing office space at 3900 Schoolhouse Ln. (white building on Rt. 309 at Center Valley Parkway). 2nd and 3rd floors are vacant
- Leasing office space at Lehigh Valley College
