Fun for Everyone*

*Even the little ones!

But, how do I get the movie onto my computer?

- ☐ Press down on the slider to release the USB port.

- ☐ USB port will pop out.

- ☐ Insert USB into the computer.

- ☐ It will automatically launch iPhoto.

- ☐ Click Import in iPhoto to import the movie.

But, **how** do I get the movie onto my computer?

- Press down on the slider to release the USB port.

- USB port will pop out.

- Insert USB into the computer.

- It will automatically launch iPhoto.

- Click Import in iPhoto to import the movie.

iPhoto and iMovie

iPhoto and iMovie

That was easy.
Now what?

☐ Drag your movie onto your desktop for easy access to it.

☐ Launch iMovie and string video clips together into a full length movie.

☐ Add your movie to your teacher website.

☐ Import your video into Glogster or Animoto.

☐ Add video to your blog or wikispace.

That was easy.

Bright Ideas*

*For the Classroom

Bright Ideas*

*For the Classroom

Share work with others!
You've finally got an audience!

A great way to communicate with parents*

- ☐ Use during conferences
- ☐ make a movie to show for Back to School night

*beside ALL the other ways we communicate! 🙂

Share learning between groups or individuals ...

Share learning between groups or individuals ...

Share with students who are absent
or homebound.*

*a great way to make someone's day!

*and share them so students know what to expect.

Record special school events!*

*Makes memories and good for end-of-the-year movies!

Record special school events!*

*Makes memories and good for end-of-the-year movies!

Use as a tutorial!*

*for example Modeling Good Behavior!

Use as a tutorial!*

*for example Modeling Good Behavior!

Use the movie to make a Voice Thread!*

*A very interactive experience!

Use the movie to make or an Animoto!*

Come to our Animoto session!

And there's MORE...

• **Make a video thesaurus** •
Replace the "worn-out" words with words that can take their place.

• **Teachers video tape themselves** •
Great for self reflection

• **Writer of the Week** •
Have students read or share something that they've written with the rest of the class.

• **Green Screen Movies** •
Super cool way to make movies and iMovie gives you the ability to do it!

Even MORE...

• Make a video bookcast •
Record students talking about their favorite books.
Have them record a recommendation.

• Record students working in groups •
Show problem solving and collaboration skills.

• Record Math Problems •
Have students solve math problems for the camera.

• Science Experiments •
Demonstrate science! Less mess and you can re-use the movie!

Now it's your turn*

*Let's Brainstorm ideas together
