If you choose this code, it will appear in your webpage as a smaller element.

Not recommended!

If you choose either of these embed codes, it will appear full size in your webpage:

🧩 **Embed to web page**   ✕

http://hwstud1.edu.glogster.com/glog-1296/   COPY

🧩 **Embed & Link to this page**

Link   http://hwstud1.edu.glogste   COPY

Embed   `<iframe src="http://edu.gl`   COPY

What's the difference between Link and Embed?

If you choose the "Link" you can just copy and paste the link in your webpage and viewers can click the link to be directed to view the glog separately. It will not be embedded into your webpage.

You will see this code (which is the same as the one above if you are in your "dashboard."
