### **ATTENDANCE REGULATIONS**

Parents/guardians are asked to notify the school on the morning of a student's absence by calling the

school and following the prompts to report the absence. PA School Code states that a note explaining the reason for absence must be submitted within **three** school days of a student's return to school or the absence will be marked as unexcused.

### Absence Slips

Medical excuses, and parent excuses are to be sent to the school office. Emailed excuses will also be accepted by sending them to both the homeroom teacher and office secretary. Absence slips must provide the following information: student name, parent name, date of students absence, and reason for absence. Examples of unexcused absences include but are not limited to, oversleeping, shopping, visiting, unapproved trips, and missing the school bus.

### Tardiness

Students arriving after 9:00 am are considered tardy. Parents/guardians must sign their child into school and note the reason for lateness is required.

Or by marking the student absent in Pickup Patrol under plan changes. Pickup Patrol FAQ All absences will be recorded as **unexcused** until written justification is received. **Please be aware that after 10 days of cumulative absence, proof of attendance at a medical or judicial agency appointment will be required as per the PA School Code.** Educational trips may be excused if approved in advance by the principal. Approved educational trips are still considered absences and count toward 10 days of cumulative absence.

- (1) The name(s) of adult (s) accompanying the child
- (2) the date (s) of absence, and
- (3) the destination and educational aspects of the trip.

### Educational Trips

Educational trip request forms are available in the school office or on-line, using the Parent tab additional resources, forms. [click here](#) Valid reasons for school absence are listed in the Attendance Policy can be found on the website by going to School Board tab, school board policies, attendance [click here](#) Educational Trip absences count towards the students overall cumulative absence record.

### Unlawful Absence

Unlawful absence constitutes a violation of the school code. A student is unlawfully absent if unexcused from school for three or more days. This results in a first offense notice sent to parents. A fourth unexcused absence may result in the filing of charges with the district magistrate.

### Time Schedules for Schools

<b>Grades 1-3</b>	<b>9:00-3:30 pm</b>
<b>AM Kindergarten</b>	<b>9:00-11:36am</b>
<b>PM Kindergarten</b>	<b>12:54 pm-3:30 pm</b>

### Early Arrivals

For the safety of all, parents/guardians who walk or drive students to school should follow the designated drop off times and traffic patterns established at the school. Students should not arrive before 8:45am. Morning care is not available. Please do not drop students off early.

### Early Pick Up and Dismissal Changes

Parents/guardians are encouraged to arrange appointments outside of the school day. Students may be excused from school to attend medical or judicial agency appointments during school hours. You need to notify the school of the early dismissal by one of the following options:

1. PickUp Patrol (PUP)

We are using a system called PickUp Patrol to help us track dismissals. PickUp Patrol (PUP) is a convenient, time-saving, and safe option for schools and families. Submit changes to your child's regular dismissal plans. For example: A student normally rides the bus but is getting picked up today, or a student usually is picked up at the end of the day but is leaving early for an appointment. It reduces interruptions during the school day and most importantly ensures our students are safely dismissed based on direct information from parents/guardians.

2. Parent Note

Written Parent Note at the beginning of the day. Include the student's name, date, time of pick-up and the responsible person picking up the student and your signature.

### Severe Weather and Emergency Dismissals

The absence of weather announcements indicates that school will be in session. If schools are closed, all after school and evening activities and functions are also canceled, unless otherwise noted. In the event of hazardous road conditions or unanticipated facility problems, such as heating or electrical failure, it may be necessary to dismiss students with little or no warning. The District will make every effort to communicate such circumstances via public announcement and the district's electronic notification system. It is critical that students know prior to occurrence that students know prior to occurrence the plan for their care in the event of an emergency dismissal. When school is dismissed early due to inclement weather, the roads may be difficult to travel. Please realize this may slow drive time and delay students' arrival to bus stops. Questions concerning district transportation may be directed to the Transportation Office at 610-282-5589.

Official public announcements concerning school cancellations and delays are announced:

1. Southern Lehigh Website home page [www.slsd.org](http://www.slsd.org) .

2. Public Stations:

**TELEVISION: WFMZ CH. 69**

**RADIO: WFMZ 100.7 FM**

3. District Automated System Blackboard Connect:

Parents/guardians can also sign up for auto-email notification through Blackboard Connect, Parents tab, Blackboard Connect Alert System or [click here](#) . This system allows the district to communicate with parents/guardians regarding emergencies, school closings, school events, and other important issues affecting you and our students.

School Cancellations and delays affect kindergarten in the following ways:

- **One Hour Delay for Kindergarten** in the event of a district-wide one hour delay, AM

Kindergarten arrives one hour late. AM Kindergarten dismisses at regular dismissal time (11:36AM). PM Kindergarten hours remain the same.

- **Two Hour Delay / Modified Kindergarten** “Modified Kindergarten” means that kindergarten students have school, but follow a shorter than normal day schedule. The day for both AM and PM sessions will be as follows:
- **AM 11:00 - 12:25 PM 1:55- 3:30** This plan enables both kindergarten sessions opportunity for instruction on days when we experience a delayed start to school.

An effective reader is one who can: predict and connect to a rich background experience;for meaning through self-monitoring using sound/symbol, grammatical, word meaning clues;and discuss, summarize and evaluate the text.

An effective writer is able to convey his/her thoughts in an organized fashion. Beginning writers use pictures and approximate spellings to convey their thoughts. As students grow in skill, spelling accuracy and the use of proper conventions increases in importance. Since spelling is integral to editing in the writing process. It is caught in a formal program. In Southern Lehigh, writing is assessed through the observation of six components: ideas and content, word choice, voice, fluency, organization and conventions.

Manuscript writing is introduced in Kindergarten and used through grade 2. Cursive writing is introduced in grade three.

It is your right to refuse the disclosure of any personally identifiable information. However, this may mean that the student's name does not appear on items such as lists of program participation, school year books, honor roll, etc.

## **STUDENT DISCIPLINE PHILOSOPHY**

### **School Wide Positive Behavior Support Program**

The elementary schools utilize a school wide positive behavior program to teach our students expected behaviors. School wide positive behavior support is a systematic approach for implementing proactive rewards and disciplines for the purpose of improving school climate and preventing student problem behaviors across all school settings. Students are taught expected behavior through specific teachers who created lesson plans, modeling and instruction.

Discipline in elementary schools is designed to help students learn how to behave and function as good citizens within the larger school environment; Discipline is not just about consequences, but also about teaching. Teaching students to respect the rights of others is critical to maintaining a disruption free environment.

Re-teaching of the appropriate and expected behavior will occur along with a guided talk it out session. Disciplinary action will be in accordance with school board policy and is defined under Code of Conduct.

## **CODE OF CONDUCT**

### **Offenses and Disciplinary Options**

#### **Level 1**

A student who is on external suspension may not participate or attend any extracurricular activity during the period of suspension. This will be in effect immediately upon notification of suspension. Suspension

shall be in effect until the start of the first day that the student is eligible to return to school, unless the principal approves other arrangements.

At times during the school year, student misbehavior may necessitate action on the part of the School Board. At this point, the school administration will have exhausted all approaches in attempting to correct the student's misbehavior. Therefore, at time, it may be necessary to involve:

1. Parents/guardians
2. Teachers
3. Social agencies
4. Psychologist

A breach of discipline within the schools will likely fall into one of two major classes of offense:

1. Violation of the standards of conduct of the school (Level I and II)
2. Violation of standards of conduct and violation of the law (Level III). This category calls for dual corrective action - a school administered response as well as a community administered response. As such, the appropriate law enforcement agency may be contacted.

### **Hearings and Right of Appeal**

#### **Informal Hearing**

Any student subject to suspension is entitled to an informal hearing before an appropriate school official to explain the circumstances surrounding the event(s) for which the student is being suspended, to demonstrate that there is a case of mistaken identity, or to show that there is some compelling reason why the student should not be suspended.

If there is an informal hearing, the following due process requirements will be observed: notification of the reasons for the suspension in writing, given to the student and or parent or guardian: sufficient notice of the time and place of the informal hearing: the student's right to speak and produce witnesses on his own behalf.

#### **Formal Hearing**

Students facing suspension or expulsion from school for more than ten days must be afforded all appropriate elements of due process. Part of the due process rights is a formal hearing before the Board of School Directors or a fully authorized committee of the Board. The hearing committee's decision is advisory to the school board where expulsion is recommended. A majority vote of the entire School Board is required to expel a student.

At the formal hearing, the following due process requirements are to be observed:

1. Notification of the charges in writing, sent to the parents or guardian by certified mail, and to the student.
2. Sufficient notice of the time and place of the hearing
3. The right to an impartial tribunal
4. The right to be represented by counsel
5. The right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses

7. The students right to testify and produce witnesses on his own behalf
8. A record must be kept of the hearing, either by a tape recording or stenographer
9. The proceeding must be held with all reasonable speed.
10. The hearing will be private unless requested by the students' parent/guardians.

## **Appeal**

The student and or his parents/guardian may appeal any ruling by a school official to that official's immediate supervisor. Appeals to the Superintendent of Schools and the Board of School Directors must be made in writing on a form available in the school office and addressed to the Superintendent of Schools. Any appeal must be made promptly, usually within 48 hours.

## **DISTRICT AND STANDARDIZED ASSESSMENTS**

Assessment of student progress is ongoing in elementary schools. In addition to classroom based tests and quizzes, assessments common to a grade level are given according to units of study. District-wide assessments are given in Reading, Writing, Math, Social Studies, and Science. Students in third grade will participate in the Pennsylvania System of School Assessment.

## **DRESS/APPROPRIATE SCHOOL ATTIRE**

Students should wear clothing and footwear to school that is safe and fitting for the season and learning environment. The following clothing/jewelry should not be worn to school:

- Footwear such as “Heely’s” or other such brands of rolling shoes and athletic cleats. Special note: Flip-flops or (soccer) slides are not appropriate for recess. If worn to school, students are prohibited from running, jumping, hopping, etc., and climbing on playground equipment.
- Hats, hoods and head coverings should be removed upon entry into the building. This applies to all students. Hats or other head covering apparel worn for cultural, ethnic, religious, health or other meritorious reasons shall be considered exempt from this rule. It is kindly requested that parents/guardians and or students share the purpose for head covering so that the staff may be appropriately sensitive and supportive of all students within the larger school environment.
- Chains, wallet chains, gloves/belts/bracelets/neckwear with spikes or similar jewelry that may be in violation of the District’s Weapons policy.
- Clothing or jewelry that promotes or makes reference to drug, alcohol or tobacco use.

- Undergarments are not to be worn on top of clothing.
- Pants must be worn and undergarments are covered.
- Shorts and skirts must be long enough on the leg to offer full frontal coverage and coverage to the buttocks when standing and sitting, or to the approximate length of mid thigh. Skin tight apparel including running shorts, cycling or spandex shorts, bathing suits are not suitable for school.
- Slippers or pajamas are not to be worn to school unless it is a designated spirit day or activity.

Classroom temperatures are regulated for indoor dress. Since students participate in outdoor recess year-round, they should dress for both indoor and outdoor activities. Proper footwear is needed for safe use of playground equipment.

Students should wear sneakers and clothing fitting for physical education class.

Please label all clothing, lunch bags/boxes and other items students bring to school.

### **ELECTRONIC DEVICES - CELL PHONES AND GAME PLAYERS**

It is recommended that students leave at home costly electronic devices such as handheld game players (PSP's, Nintendo products, iPods, iPads, Kindles, etc.). The school cannot be responsible for these items if lost or stolen. Should there be a need to contact a parent/guardian during the school day, we will support the student in this process.

Students in the elementary schools are not permitted to use cell phones during school hours. Students carrying cell phones are required to turn the device off upon entry to the bus. Students are expected to keep cell phones zippered inside a secure pocket of their backpacks and store during the school day. Again, the school cannot be responsible for lost or stolen cell phones.

### **FIRE DRILLS/EMERGENCY EVACUATION**

Fire or emergency evacuation drills are conducted periodically during the school year. Fire safety procedures and drills are practiced during the first days of school. When the alarm is sounded, students and teachers move quickly and quietly to their designated exit, and remain at a safe distance from the school building until the all clear signal is given.

### **HEALTH SERVICES**

The health suite is open from 8:25 a.m. to 3:45 p.m. Monday through Friday when school is in session. A registered nurse and or a health paraprofessional staff the suite. Health records are maintained in the health suite for each student. It is important that regular updates to student records be received from parents or guardians regarding the following:

- Change in health status
- Medications a child may currently be taking
- Long-term medication therapy
- Medication that has been discontinued
- Any recent hospitalizations for medical treatment or surgery
- Routine immunizations or booster information.

#### **Immunization Policy**

Parents/guardians must provide documentation of immunizations and or a written plan from their child's doctor before the start of the current school year. Under the law, if documentation is not provided prior to the start of school, then the child must be excluded from school. We do not want to exclude any student, so we are committed to work with families to support them in ensuring requirements are met. Please work with our child's physicians or the PA Department of Health (PaDOH) immunization clinic to ensure all immunizations have been given. Please call the school nurse if you need help. Exemptions for moral, medical and religious reasons remain in place under the new regulations.

### **Illness during the School Day**

If a student becomes ill at school, he or she may seek permission from a teacher to visit the health room. Students are not permitted to call or text home before consultation with the school nurse or health paraprofessional. (students are not permitted to use personal cell phones during the instructional day). Students are not permitted to leave school during regular school hours for any reason without permission of the principal, or his/her designee which may include the school nurse.

Tylenol (acetaminophen) or Motrin (ibuprofen) will be administered in school without a doctor's note provided the health room receives permission from the parent/guardian via telephone prior to administration.

Parents/guardians may be contacted to pick up students considered too ill to remain in school. The health room is not staffed in such a way as to be able to care for sick students for extended duration. Should your child experience a fever, diarrhea, vomiting, or appear to be suffering any other potentially contagious illness, it is the expectation of the school that the parent/guardians, or another appropriately identified adult, pick up the student within reasonable time of being contacted by the school nurses' office.

### **Illnesses which would require your child to stay home**

If your child has symptoms of illness, please keep him/her at home so as to prevent the spread of virus or infection to other students. Please notify the school of the absence by calling Hopewell at 610-791-0200 or Liberty Bell at 610-282-1850 and listen for the absence line prompt. This is not an excused absence until the school receives a written or email excuse.

### **Communicable Diseases**

As per policy 203 the Board directs that students who have been diagnosed by a physician or are suspected of having a disease by the school nurse shall be excluded from school for the period indicated by regulations of the PA Department of Health or guidance from state or local health officials for specified diseases and infectious conditions.[14][15]

Please notify the school by calling the attendance office and indicating the reason for absence.

### **Students Returning to School After Illness**

As with all other absences, when a student returns to school after an illness, a written excuse indicating the reason for absence is required. This excuse should be provided to the attendance secretary at your child's school. Unless a written note is received from a physician, it is assumed that students may resume all normal school day activities following an illness. If there is a need for exclusion from outside play or physical education, a physician's note is required. The note should also indicate the date the restriction is to be lifted signaling the student's ability to return to normal activities.

### **Medication in School (prescription and non-prescription) \*See Board Policy**

[Section 200 Use of Medications 210](#)

School nursing staff may administer medications in accordance with a doctor's order. A parent/guardian may also come to school and personally administer medication.

If your student requires medication to be given during the school day, the "Authorization for Medication During School Hours" form ( [Authorization for Medication during School Hours.](#)) needs to be filled out and signed by both the ordering physician and the parent/guardian. The medication must be in the original bottle or package. The medication needs to be delivered to the nurse's office by the parent/guardian unless otherwise directed. Per state and or federal regulations a student may carry an

emergency medication such as a rescue inhaler and or epinephrine, HOWEVER, the above medication form needs to state the student may carry. It is also protocol that the student inform the nursing staff if they have taken their emergency medication during the school day.

The prescribing physician must complete an [Authorization for Medication during School Hours](#) form (forms available in the nurse's office, on the district website, and in the school office).

This includes:

- Name of student
- Diagnosis
- Medication prescribed
- Dosage
- Time schedule
- Name of physician
- Duration of medication
- Any special circumstances

**Students are not allowed to carry medication (prescription or over the counter) without the above mentioned parameters. If a student is found to be in possession of a medication without authorization it would be considered a violation of the drug policy.**

### **Health Testing and Screening Programs**

The Commonwealth of Pennsylvania mandates the following screenings be performed during the school year:

- Height, weight, BMI and vision screenings performed every year on all grade levels.
- Hearing: grades K/1, 2, 3, 7, and 11. Arrangements can be made for hearing tests on students not in those grades by parent or teacher request.
- Scoliosis: grades 6 and 7, or as necessary due to physical changes that suggest pathology of the spine.

Additional exams required by the state include:

- Dental Exams: K/1, 3, 7 and if deemed necessary all new entrants from out of state.
- Physical Examinations: grades K/1, 6, 11, and if deemed necessary on all new entrants from out of state.

If you do not wish to have the exams done on your child by the school, it is the responsibility of each parent/guardian to inform the building nursing staff in writing by the end of the first week of school. It is also the responsibility of the parent guardian to obtain the exams at your private physician's/dentist's office at your own expense. Permission forms for school physicals and dentals as well as forms for private physical and dental exams are available in the nurse's office and on the district website.

## **HOMEWORK**

Homework is assigned by teachers and meant to provide students with skill specific practice in academic concepts. Homework is intended to be completed outside of the regular classroom and or normal school day.

### **Types and Purposes for Homework**

- **Practice-** helps students to master skills presented in class
- **Preparation-** helps students to gain maximum benefit from future lessons
- **Extension-** helps students apply specific skills and concepts to new situations
- **Creativity-** requires students to integrate skills and concepts in order to produce original responses.

Homework is considered essential practice and plays an important role in the academic success of students. While teachers are responsible for defining the rigor and relevance of homework, students and parents/guardians must assume responsibility for homework completion. Cooperation and communication between the home and the school in this matter is critical.

## **LOST AND FOUND**

The school maintains a “Lost and Found” for items found without an identifiable owner. Articles not claimed by the end of the school year are donated to a charitable institution or thrown away.

## **PARENT/GUARDIAN - TEACHER CONTACTS**

Parent/guardian-teacher dialogue is important. Teachers can be reached between the hours of 8:15 a.m. and 3:45 p.m. Please realize that telephone calls received during the instructional day will be auto forwarded to a teacher’s voicemail so as to not interrupt instruction. Teachers can also be contacted through email.

### **Parent/Guardian-Teacher Conferences**

Parent/guardian conferences are held once a year. This is the time for parents/guardians to learn about their student’s progress in school. Report cards received prior to conferences may serve as one discussion point. Although conferences are scheduled once annually, parents/guardians should feel free to communicate with teachers at any time.

### **Parent/Guardian Concerns**

Parent/guardian concerns can be resolved by following a very basic procedure. Concerns that involve their child's teacher should first be brought to the attention of that teacher. If the situation remains unresolved and or there are other school-wide concerns, these should be brought directly to the attention of the building principal.

## **PTA- HOME AND SCHOOL RELATIONS**

Southern Lehigh’s elementary schools have active PTA organizations. Topics covered at PTA meetings may include but are not limited to the following:

- Information about district curriculum or school programs
- The PTAs fundraising activities, efforts, and benefits to students.
- Exhibits and demonstrations of student work
- Sharing and explanation of best practice teaching methods

## **ROLES OF STUDENTS, PARENTS/GUARDIANS, TEACHERS, &**

- Find time to do homework, use time provided in school wisely, and plan for the completion of long-term assignments
- Analyze his/her study habits and take advantage of available study aides and supports.

#### **Role of the Parent/Guardian**

Cooperation by parent/guardian is necessary for a meaningful homework experience. Parent/guardians can encourage their students by showing interest and offering help as needed. Parents/guardians should:

- Review School Work with the student and sign assignments as requested.
- Monitor TV, video, and computer time and the content or programs viewed.
- Provide a regular time for homework and area in the home for study.
- Check homework assignments and talk to teachers to make sure the work is being done properly.
- Ask children about what they are learning.
- Monitor the students' participation in activities and avoid over scheduling.
- Ensure that children complete homework missed due to absence.

#### **Role of the Teacher**

It is the teacher's job to ensure an academic program full of relevance and rigor. Teachers should:

- Make the purpose of homework and assignments clear.
- Provide direction that will enable students to practice independently.
- Be aware of the demands on the student's time.
- Review homework with students and in a timely fashion.
- Communicate expectations for homework completion, assignments, and the grading structure to be used.

### **Pets on Property**

Please be advised that pets (including dogs, cats and other animals) are not permitted on school grounds during school hours.

### **AHERA-Asbestos Hazard Emergency Response Act**

In compliance with the notification and record keeping requirements of EPA's 40 CFR, Part 763.93 (g) (4) Asbestos-Containing Materials in Schools Law (more commonly known as AHERA (Asbestos Hazard Emergency REsponse Act), Southern Lehigh School District is notifying organizations and families of the availability of the Asbestos Management Plans. A copy of each building's Management Plan is available in the office of the building, and a master copy of all Management Plans are maintained in the Support Services Department.

The management plan includes: inspections and physical assessment reports, training requirements for the custodial and maintenance personnel, plans and procedures to minimize disturbance of any asbestos containing materials, and if applicable at your school, a program for regular surveillance and inspection of asbestos containing materials. Also, every three years, an asbestos re-inspection of the district will be conducted to comply with the AHERA law.

Southern Lehigh S.D. is complying with all regulations in regards to any ACBM(Asbestos Containing Building Material) and there is no need for safety or health concerns relative to asbestos exposure.

### **ACT 35 AND ACT 36 Notification - IPM**

The purpose of this communication is to conform to the legal responsibilities in ACT 35 and ACT 36, Integrated Pest Management, effective January 1, 2003, and make you aware of district processes relative to IPM.

The Southern Lehigh School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds and our goal is to protect every student from pesticide exposure by using this approach. Our IPM approach focuses on making all school buildings, grounds and facilities and unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. The pest monitoring team consists of our building custodial, maintenance, office and teaching staff. Pest sightings are reported to the main office and our IPM coordinator who evaluates the "pest problem" and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals registered by the Environmental Protection Agency (EPA) to manage a pest problem. Chemicals will only be used when absolutely necessary, and will not be routinely applied. When a chemical is necessary, the school and or our contracted pest management company will use the least toxic product that is effective. Applications will be made only when unauthorized persons do not have access to the area(s) being treated. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents/guardians or guardians of students enrolled in the district may request prior notification of specific pesticide applications made at the school. To receive this notification, you must be placed on the school's notification registry. If you would like to be placed on this registry, please notify the district via a signed letter indicating your child's name, address, and the school your child attends. Please include your email address if you would like to be notified electronically.

If a chemical application must be made to control an emergency pest problem, notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and antimicrobial products, self-containerized baits placed in areas not accessible to students, and gel-type baits placed in cracks, crevices or voids.

Each year the district will prepare a new notification registry.

## **SCHOOL INSURANCE**

The Southern Lehigh School District makes medical and dental insurance available to all students at nominal cost to parents/guardians. Look for information about this on the district website. If you wish to purchase the school insurance, **send the forms directly to the insurance company.** Claim processing is also handled directly with the insurance company.

## **SCHOOL LUNCH**

School lunches are available for all students in full day Kindergarten, and grades 1 through 3 in the elementary schools. Parents/guardians should encourage students to eat healthy nourishing meals at lunchtime. Students may purchase lunch from school or bring lunch from home. Milk is available for purchase in the cafeteria. Soda or other carbonated beverages and/or glass containers are prohibited. Monthly school lunch menus are posted on the District website at **Food Services / School Lunch Menus.**

Students may purchase lunch with cash or by using a POS (Point of Sale) account established for the student. Parents/guardians may deposit money into a student's account by sending in cash or a check. Money can also be added to a student's account with a credit card by using the online payment system at EZSchoolPay.com, directions on how to do this will be provided. By using the POS system the student ID number will then be used to debit the account.

We ask that you avoid sending in money with one child expecting him/her to get change for brothers and sisters.

If a student forgets or loses lunch money, the cafeteria will extend credit for that day's lunch. It is expected that the cafeteria will be paid back the day after the "burrow" occurs. Parents/guardians will be contacted directly by the kitchen manager if a student accumulates three incidents of borrowing. After 3 "borrows" with no payback the student's choice of items from the lunch menu will be restricted and a cheese sandwich, fruit and or vegetable and milk until repayment is made.

In compliance with State and Federal requirements, Southern Lehigh School District provides free or reduced price lunches to those students whose family cannot afford to pay full price. Application forms

must be completed each year and will be distributed to all students during the first week of school. The application form is also available on the District website at: <https://www.slsd.org/Page/12747>. The application can also be filled out and submitted electronically at [www.compass.state.pa.us](http://www.compass.state.pa.us). Due to both space and regulations, parents/guardians may not eat lunch with their students in the cafeteria.

## **SCHOOL VISITATION**

Parents/guardians are encouraged to take the opportunity to learn about school programs by accepting invitations to visit classrooms and meet with teachers on occasions such as Open House Night, parent/guardian conferences, school/district showcases and demonstrations.

## **SCHOOL SECURITY**

In order to ensure a safe environment for children, the district installed a visitor security system complete with automatic door locks and intercoms for each school foyer. Parents/guardians and visitors will gain access by pushing the intercom button located at the front entrance. After appropriate identification, the secretary will release the lock for entry. The guest must report to the office, sign in and borrow a visitor pass. Students arriving late will need to have an adult accompany them into the building for the purpose of signing them into school. Building classrooms will be secure after 4:30 P.M. each evening.

## **SOLICITATION AT SCHOOL**

The policy of the district on this practice reads as follows:

Selling or soliciting in school to raise money for organizations or groups not affiliated with the school shall be prohibited.

## **SPECIAL EDUCATION**

Southern Lehigh provides several levels of special education services based on a student's degree of need. Parents/guardians are an integral part of the decision making process. Questions about special education should be addressed to the building principal or the school psychologist.

### **Learning Support**

The Southern Lehigh School District provides learning support programs for students with learning disabilities, mental retardation, other health impaired, some mild emotional disturbances and autism, in grades kindergarten to twelfth. These programs are provided in all of our buildings. In most cases, students are served in their home schools. All levels of intervention are available from supportive intervention in the regular class to full time support. A regular education curriculum is provided, with adaptations, to meet the individual needs of the students. The staff consists of special education teachers and teacher assistants.

### **Emotional Support**

The Southern Lehigh School District also has appropriate programs available for students requiring emotional support. These classes offer both academic and social skills development. The teachers of these classes are dedicated, experienced professionals with expertise in behavioral interventions. The program focus is to develop appropriate social behaviors that will enhance the student's adjustment capacity within the least restrictive environment.

### **Other Services**

At times, the school district seeks support for needed services through outside agencies such as intermediate units, other school districts and approved private schools.

### **Early Intervention**

Early intervention programs are educational, developmental services that are provided for three to five year old eligible children. These programs are designed to meet the child's needs in any of these developmental areas: physical, sensory, cognitive, language and speech, social-emotional, and self-help. The District works with Intermediate Unit 221, which provides Early Intervention Services through Project CONNECT. Parents/guardians who have concerns about their preschool children are encouraged to contact the Intermediate Unit: 610-769-4111.

## **STUDENTS RECORDS POLICY**

The Southern Lehigh School District recognizes the need to protect the confidentiality of personally identifiable information in the education records of all students in our district. A comprehensive plan has been developed to ensure the privacy of both the parents, guardians and the students in the collection, maintenance, release, and destruction of education records. Every effort has been made to incorporate all provisions from the Regulations of the State Board of Education on Pupil Records (Pennsylvania Code 22K, ch. 12), the Family Educational Rights and Privacy Act of 1974, the Confidentiality Section of P.L.94-142, and the Confidentiality Standards for Special Education Pennsylvania Code 22, Ch. 341.

## **SUPPORTIVE EDUCATIONAL SERVICES**

The needs of our students are addressed by the school district and outside agencies as are needed. The following services are offered by Southern Lehigh School District.

### **Small Group and Individual Support**

Southern Lehigh provides assistance to students who may need more individualized attention in reading, writing and mathematics. The support staff works with students individually or in small groups in cooperation with the classroom teacher.

Working together as a home-school team creates the best environment for student success. Parent/guardian workshops and meetings create opportunities for valuable sharing of ideas.

### **MTSS**

**MTSS** is a specific process to support students in the general education classroom. It is designed to help identify and close the gaps for students who are experiencing difficulty in meeting grade-level benchmarks in a specific area or are at risk for academic failure. Students who are experiencing behavioral difficulties may also be referred to the MTSS team.

MTSS identifies the student's academic need and assigns the student to the appropriate educational intervention. The interventions are designed to be specific to student needs. Students are monitored to determine their response to the intervention. The intervention is ceased once the student has demonstrated appropriate gains in the identified area.

### **School Psychologist and Guidance Counselor**

A school psychologist and guidance counselor serve the two elementary schools in Southern Lehigh. The psychologist and counselor are members of the school educational teams, which monitor student progress and make recommendations for testing and placement. Other members are the principal and appropriate teachers and specialists. With administrative and parental/guardian approval, the psychologist and counselor offer a group or individual counseling and individual testing of students. Classroom visits are another important function. The psychologist and counselor can also be a valuable resource to parents/guardians or parenting issues.

### **Gifted Education**

The Southern Lehigh School District maintains ongoing procedures to locate, identify, and evaluate students who are thought to be gifted and in need of specially designed instruction. According to school district policy 114, giftedness includes an IQ of 130 or higher or a student who meets multiple criteria as set forth in Pennsylvania regulations through Chapter 16 (22 PA. Code 16.21). The purpose of the gifted education program is to serve students whose needs require enrichment, acceleration, or both beyond the general education classroom environment. Southern Lehigh School District strives to cultivate interest, capacity, and skills necessary for independent, intellectual inquiry, and life-long learning. Additional information can be found on the Special Education and Student Services Department website at [www.slsd.org](http://www.slsd.org) (click on “District”, then click on “Teaching and Learning”, then click on “Gifted”) or contact the school psychologist or school counselor in your child’s building directly.

### **Families and Students Experiencing Homelessness**

If you are experiencing a homeless situation, please immediately reach out to your child's school counselor for additional support and services. For additional resources, please dial 211 (7 days a week, 24 hours a day) from your phone to access United Way’s shelter assistance. Information on the BEC for Education for Homeless Youth and additional homeless resources can be found at [Special Education / Homeless Resources](#)

### **If Your Child Does Not Arrive Home On Time**

Should this situation occur we are anxious to help you find your child. Listed below are some suggestions that should help in the process.

## **Be Prepared**

- Know your child's bus route numbers and usual arrival time after school.
- Know the names and phone numbers of children who get off at the same stop or nearby stops.
- Teach your child his/her telephone number and possibly that of a person designated to be contacted in case you cannot be reached.
- Remind your child they are not to get off at any other bus stop other than their designated stop and go directly home.

## **Possible Late Bus**

In inclement weather, wait about twenty minutes before making calls. If the bus has not arrived, call 610-282-5589 (Brandywine Lehigh Transportation). When we are aware of delays, there will be someone there to help and to furnish information until the delayed bus has finished its run.

### **If Your Child Was Not on the Bus**

- If you have determined that the bus has dropped off and your child did not arrive home, contact neighbors to see if your child got off at the correct stop.
- If your child was not on the bus, or got off at the wrong stop, call our child's school. If you are unable to get an answer, call 610-282-5589 or 610-282-1030 Ext. 5301 (District Support Services)

### **Student Behavior on the Bus**

The Southern Lehigh School District has adopted specific policies that govern students behavior while riding the district provided transportation. The safe transport of students to and from school and or to other district sponsored and approved events is the primary consideration in developing such policies. Regulations concerning student behavior shall apply in all situations in which the district supplies transport.

Student misconduct while using district transportation that impedes or distracts a bus driver or infringes on the rights of others is considered a menace and threatens the safety of all passengers. Any disorder, noise, or misbehavior that has potential to interfere with the safe transport of others shall be subject to the full disciplinary action by the school administration.

The administration of bus discipline will reflect the level of social maturity of the individual student. At the elementary level, disciplinary action may be tempered as appropriate to match the developmental understanding of students. At the secondary level, Middle School and High School bus discipline shall be applied according to building level disciplinary codes of conduct.

Examples of inappropriate conduct and/or behavior while riding district transportation include, but are not limited to the following: harassment of others, physical attack/harm to another, use of abusive language, yelling/stomping/pounding or other noise distractions, hanging items or body out of bus windows, littering, moving from seat to seat while the bus is in motion, climbing over seats, vandalism/damaging or defacing bus property, fighting, carrying on the bus prohibited items (including but not limited to weapons, drugs, alcohol and tobacco), throwing items on the bus or out windows, tampering with emergency exits, tampering with bus controls/video, an intentional embarking or disembarking on unassigned buses or at unassigned stops.

In case of criminal activity or serious safety concerns, an administrator may immediately suspend the riding privileges of a student. It must be understood that the application of discipline as it relates specifically to district transportation does not preclude the district from applying other appropriate measures for conduct in violation of the school's code and/or from pressing civil or criminal charges in the appropriate court.

For the protection and safety of all students, video and audio recording devices may be utilized on school buses. Recording behavior and communication of students, while riding school buses, may be used for purposes of student discipline under provisions of the School District's Bus Transportation Policy, Student Discipline Code, and the Public School Code.

### **FERPA NOTIFICATION**

Southern Lehigh School District Notification of Rights under FERPA for Elementary and Secondary Schools. The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within 45 days of the day
- The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate or misleading. Parents/guardians or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School Principal (or Superintendent), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School official decides not to amend the record as requested by the parent/guardian or eligible student, the School official will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without

consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); or a parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
