Requirements for Participation

1. In order for a student to participate in any athletic or extracurricular activity, including practice, the student must be in attendance at school before 9:00 AM on the day of the activity. Pre-approved educational trips, college visits, and funerals are exceptions to this rule. A student who is absent from school may attend an activity as a spectator if the activity is open to the public.
2. If a student has a doctor's appointment first thing in the morning, he or she needs a doctor's excuse when coming into school and signing in tardy.
3. If the student has a doctor's appointment later in the day, and can at least attend the first period, the student should report to school on time. The student needs a note from his/her parents and must sign out on the Early Dismissal Board upon arriving at school in the morning. When the student returns from the appointment, he or she must sign back in and he or she needs a note from the doctor.
4. Suspended students are not eligible to participate in school activities from the time the disciplinary action starts. The student becomes eligible at 7:36 AM of the school day immediately following the last day of suspension. Therefore, a student suspended on a Friday is not eligible for any weekend activities.
5. A student who is failing two or more subjects may not participate. Failing students will be reported on a weekly basis by the faculty. A student will remain ineligible for one week at a time (Sunday to Saturday) until he/she is no longer failing more than one course. All courses taken are included in the evaluation.

6. Participants must abide by the Drug and Alcohol Regulations for Interscholastic Teams, Clubs, and Organizations (available in the HS athletic office and MS main office).
7. Participants must abide by the Athletic/Extracurricular Code of Conduct (available in the HS athletic office and MS main office).

The mission of the middle school is to provide opportunities for success for all students. We support our mission through building goals. The major goals that currently direct the efforts of this school are:

- To provide a positive learning environment designed around academic teams of teachers and students. The teams provide integrated educational opportunities and instructional support in a flexible schedule.
- To use technology to enhance instruction and provide students with a sound foundation of computer skills.
- To meet individual student needs through a variety of teaching, learning, and assessment strategies.
- To provide a diverse exploratory arts curriculum to enhance pre-adolescent learning styles.
- To exist in a positive school community with a climate that keeps children at the center of all that occurs.

It is the policy of the Southern Lehigh School District to provide an equal opportunity for all students to achieve their maximum potential through the programs offered in the schools regardless of race, color, creed, religion, sex, sexual orientation, ancestry, national origin or handicap/disability. The district shall provide to all students, without discrimination, course offerings, counseling, assistance, employment, athletics and extracurricular activities

🎯 Student Services

Counseling and Consultation Services

The services of a school psychologist/ school counselor are available to all students at the Middle School and may be of help with concerns such as:

- Adjustment to the middle school
- Development of successful study habits
- Social/personal family adjustment
- Interpretation of ability/achievement levels
- Career information
- Peer pressure
- Mental Health Concerns

The school psychologist/counselor is available to meet with parents/guardians and serve as coordinator of services between school and outside agencies. Parents/guardians are encouraged to notify the psychologist/counselor if their child is receiving services from an outside agency. Appointments may be scheduled through the Guidance Office. If the psychologist /counselor is not available or is in session, a student may request an appointment through a secretary. or email the psychologist/counselor directly.

Parents/guardians are encouraged to contact the Southern Lehigh Middle School counselor or psychologist any time between 7:30 a.m. and 3:00 p.m. at 610-282-3700 to get information, discuss concerns you have for your child or to schedule a teacher conference.

The Student Assistance Program

From time to time some students need help dealing with problems or conditions that prevent them from being active, successful participants in the academic and social life of the Middle School. The Southern Lehigh Middle School is fortunate to have a group of staff members who have undergone specialized training in addressing these problems. The Student Assistance Program (SAP) is designed to help the student resolve those problems in order to become a more productive part of the school.

This team will serve as a steering committee for student assistance matters. They may recommend the involvement of outside resources or they may refer the case back to the child study team along with recommendations.

The SAP team consists of members of the faculty and staff of the Southern Lehigh Middle School who have been trained to identify and help students with a variety of problems that prevent students from learning effectively in our school. The program provides a means for teachers and school staff to help students through difficult times, but is not designed to be a treatment or a cure.

The SAP Team will deal with problem areas such as the following issues:

- * alcohol/drug abuse
- * pregnancy
- * child abuse
- * loss/depression
- * suicide/depression/
anxiety
- * eating disorders
- * family concerns
- * other related
problems

A referral may come from parents, teachers, counselors, administrators, or the students themselves. The SAP team refers students and their families to experts who assess the problem areas and recommend the best program for help. If you have a concern, please call the Middle School at 610-282-3700 and ask the secretary to direct your call to a SAP contact person. Team interventions occur for the benefit of the students, their families, and the school by relaying factual information. The goal of the intervention is to encourage the student and family to seek assistance to address the problems that face them.

Title I

The Title I program serves to provide support to general education students showing academic need. The program attempts to identify and target student specific academic needs through intense instruction and the use of strategic intervention resources. The goal of the program is to close the gap for students who are experiencing difficulty in meeting grade level benchmarks. Title I is a federally funded program. As required by regulation, the district is required to advise parents of students receiving Title I services of their right to request the certification status of the teacher.

Parent/Guardian Right to Know Information as Required by The Elementary and Secondary Education Assistance (ESEA) [Section 1112(e)(1)(A)] and the Every Student Succeeds Act [Section 1112(e)(1)(A)]

Dear Parent(s)/Legal Guardian(s):

Your child attends Southern Lehigh Middle School which receives Federal Title I funds to assist students in meeting state achievement standards. This letter lets you know about your right to request information about the qualifications of the classroom staff working with your child.

At Southern Lehigh Middle School we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a Title I school, we must meet federal regulations related to teacher qualifications as defined in ESEA. These regulations allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications. The Every Student Succeeds Act (ESSA) which was signed into law in December 2015 and reauthorizes the Elementary and Secondary Education Act of 1956 (ESEA) includes additionally right to know requests. At any time, parents and family members can request:

- Information on policies regarding student participation in assessments and procedures for opting out, and
- Information on required assessments that include
 - subject matter tested,
 - purpose of the test,
 - source of the requirement (if applicable),
 - amount of time it takes students to complete the test, and
 - time and format of disseminating results.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet applicable Pennsylvania state requirements.

School Safety Tips for Parents

The Departments of Education and Justice prepared an annual report on school safety. The report describes actions schools, parents, and communities can take to address these critical issues.

The following recommendations were provided for parents:

1. Actively communicate with children.
2. Be clear and consistent in disciplining children.
3. Model prosocial behavior – teach children how to interact socially, handle competition and defeat, discuss differences, resolve conflicts, deal with frustration in solving problems and cope with stress and anger.

4. Get involved with school and community organizations and activities – encourage positive activities that promote the child’s feelings of competence.
5. Keep guns and other weapons locked up and out of the reach of unsupervised children.
6. Limit children’s exposure to and experience of crime and violence.
7. Seek professional help from school staff or community resources if you need assistance in helping your child resolve any problems.

Southern Lehigh Middle School has developed resources to help provide support to students in expressing their feelings, learning appropriate social skills, and dealing with grief. Other areas of concern may arise as well as a result of discussions at weekly team meetings. Please contact our school counselor, Mrs. Cooper, at 610-282-3700 ext. 6551 if you have any concerns or questions.

Health Services

The nurse’s office is open during normal school hours. The nurse’s offices are staffed by a CSN (certified school nurse) and/or a licensed nurse.

Health records are kept on each student and records are maintained in the nurse's office. It is very important to update each student’s record by receiving current information from the parents/guardians regarding items, such as:

- Change in health status
- Any medications a child may currently be taking at home or at school.
- Long-term medication therapy
- Medication that has been discontinued
- Any recent hospitalizations for medical treatment or surgery
- Routine immunization or booster information

If a student becomes ill at school, they should seek permission from a teacher or staff member to visit the nurse’s office per building protocol. **The student is not to contact their parent/guardian before consulting the school nurse.** If the student contacts a parent/guardian due to illness, without consulting the nursing staff, it will be considered a parent excuse, per the attendance policy.(Policy 204)

Section 200 Attendance Policy 204

Students are allowed to receive over the counter medications that are included in the district standing orders signed by the school physician. At the secondary (7-12) level, permission forms are provided which cover the school year; elementary (K-6) verbal/written/electronic consent must be received from parents/guardians before administration for a one time dose to be administered during the school day.

If a student becomes ill/injured during the school day, the nursing staff may call the designated contact to pick up the student. Reasons that may require a child to be picked up may include: fever, diarrhea, vomiting, or any other illness/injury per the nurse's assessment.

Illnesses Which Would Require Your Child to Stay Home

If your student has symptoms of illness (i.e. diarrhea, vomiting, and/or has a temperature/fever equal to or greater than 100.4 degrees Fahrenheit), please keep them at home so as to prevent the spread of virus or infection to other students. In most instances students can return to school 24 hours after symptoms have resolved or in the case of a fever the student should be fever free for 24 hours without the aid of fever reducing medication (i.e. acetaminophen or ibuprofen).

Communicable Diseases

As per policy 203 the Board directs that students who have been diagnosed by a physician or are suspected of having a disease by the school nurse shall be excluded from school for the period indicated by regulations of the PA Department of Health or guidance from state or local health officials for specified diseases and infectious conditions.[14][15]Pa. Code [14] Pa. Code [15]

■ Section_200 Pupils Policy 203 .pdf

Please notify the school by calling the attendance office and indicating the reason for absence.

Students Returning to School After Illness

As with all other absences, when a student returns to school after an illness, a written excuse indicating the reason for absence is required. This excuse should be provided to the attendance secretary at your child's school. Unless a written note is received from a physician, it is assumed that students may resume all normal school day activities following an illness. If there is a need for exclusion from outside play or physical education, a physician's note is required. The note should also indicate the date the restriction is to be lifted signaling the student's ability to return to normal activities.

Immunization Policy

The following regulations, in regards to immunizations and communicable diseases, are set forth by the Commonwealth of Pennsylvania and Southern Lehigh School District, and may have an exclusion period from school for a student. Please refer to policy 203. ■ Section_200 Pupils Policy 203 .pdf

Medication in School (prescription and non-prescription) * Board Policy Section 200 Use of Medications 210

School nursing staff may administer medications in accordance with a doctor's order. A parent/guardian may also come to school and personally administer medication.

If your student requires medication to be given during the school day, the "[Authorization for Medication During School Hours](#)" form ([link.](#)) needs to be filled out and signed by both the ordering physician and the parent/guardian. The medication must be in the original bottle or package. The medication needs to be delivered to the nurse's office by the parent/guardian unless otherwise directed. Per state and or federal regulations a student may carry an emergency medication such as a rescue inhaler and or epinephrine, HOWEVER, the above medication form needs to state the student may carry. It is also protocol that the student inform the nursing staff if they have taken their emergency medication during the school day.

The prescribing physician must complete an “[Authorization for Medication During School Hours](#)” form (forms available in the nurse’s office, on the district website, and in the school office). [link](#).

This includes:

- Name of student
- Diagnosis
- Medication prescribed
- Dosage
- Time schedule
- Name of physician
- Duration of medication
- Any special circumstances

Students are not allowed to carry medication (prescription or over the counter) without the above mentioned parameters. If a student is found to be in possession of a medication without authorization it would be considered a violation of the drug policy.

Health Testing and Screening Programs

The Commonwealth of Pennsylvania mandates the following screenings be performed during the school year:

- Height, weight, BMI and vision screenings performed every year on all grade levels.
- Hearing: grades K/1, 2, 3, 7, and 11. Arrangements can be made for hearing tests on students not in those grades by parent or teacher request.
- Scoliosis: grades 6 and 7, or as necessary due to physical changes that suggest pathology of the spine.

Additional exams required by the state include:

- Dental Exams: K/1, 3, 7 and if deemed necessary all new entrants from out of state.
- Physical Examinations: grades K/1, 6, 11, and if deemed necessary on all new entrants from out of state.

If you do not wish to have the exams done on your child by the school, it is the responsibility of each parent/guardian to inform the building nursing staff in writing by the end of the first week of school. It is also the responsibility of the parent guardian to obtain the exams at your private physician’s/dentist’s office at your own expense. Permission forms for school physicals and dentals as well as forms for private physical and dental exams are available in the nurse’s office and on the district website.

Online Health Forms

Gifted Education:

Southern Lehigh School District strives to cultivate interest, capacity, and skills necessary for independent, intellectual inquiry, and life-long learning. Additional information can be found on the Special Education and Student Services Department website at www.slsd.org, (click on "District", then click on "Teaching and Learning", then click on "Gifted") or contact the school psychologist or school counselor in your child's building directly.

Families and Students Experiencing Homelessness

If you are experiencing a homeless situation, please immediately reach out to your child's school counselor for additional support and services. For additional resources, please dial 211 (7 days a week, 24 hours a day) from your phone to access United Way's shelter assistance. Information on the BEC for Education for Homeless Youth and additional homeless resources can be found using the following [link](#).

☛ Student Achievement

Grading Procedures

Grades - Grades are to be an evaluation of a student's academic work. Grading might be based on criterion referenced evaluations, as well as intra-group or inter-group comparisons, depending on the subjects taught. Student discipline shall have no effect on grades.

Explanation of Grades:

A - DISTINGUISHED ACHIEVEMENT AND PROGRESS

B - GOOD ACHIEVEMENT AND PROGRESS

C - AVERAGE ACHIEVEMENT AND PROGRESS

D - MINIMUM ACHIEVEMENT AND PROGRESS

F - UNSATISFACTORY ACHIEVEMENT AND PROGRESS

I - INCOMPLETE - Student has not completed the required standards of the course. The student has 20 days to satisfy the requirements of the course. This may result in a failure for the course.

M - MEDICALLY EXCUSED- (Doctor Documentation required) – Doctor Documentation required. This may be used in the rare situation where a student is unable to attend school and/or complete work for the majority of the quarter due to a medical situation.

The standard scale below will be used to calculate grade point average:

A = 93-100 = 4.0

A- = 90-92 = 3.6

B+ = 87-89 = 3.4

B = 83-86 = 3.0

B- = 80-82 = 2.6

C+ = 77-79 = 2.4

C = 73-76 = 2.0

C- = 70-72 = 1.6

D+ = 67-69 = 1.4

D = 63-66 = 1.0

D- = 60-62 = 0.6

F = 00-59 = 0.0

M = Medically Excused

Final Grades are calculated by the student's numeric percentage, not the letter grade value.

** The following procedures will be followed in the grading of the Exploratory Arts Subjects:

Grade 7

- Grades for Art, Family Consumer Science, STEM, and Health will be given at the end of each marking period and are reported when the student has completed the course.
- Grades for the World Language, Physical Education and Music cycle will be given at the conclusion of each marking period throughout the year.

Learning Support Students - Special grading considerations may be developed by the child study team (psychologist, teacher, and administration) for identified students.

Finals – All students will participate in a final assessment or final project for each course. The following percentages will be implemented to calculate final averages for full year courses. Final exams must be completed by July 1st.

Marking period 1 - 20%

Marking period 2 - 20%

Marking period 3 - 20%

Marking period 4 - 20%

Final Assessment/project - 20%

All report cards will be posted to the Sapphire portal at the end of each marking period. Parents who wish to receive a paper copy of their child's report card, should send in a written request.

Promotion Requirements *See Board Policy –A passing grade is defined as earning a D- or higher as a final grade for that subject area. A student in the middle school may be retained if he/she fails two or more academic subjects, which include Math, Academic Literacy, Social Studies, Science, and Language Arts. If a student fails one or more of these subjects, the student may be required to make up the subject in order to progress to the next level.

Grade Floor Policy

A grade floor is in place for marking periods 1, 2, and 3. The minimum grade a student can earn in these marking periods is 50%. A comment will be made on the report card, signifying that the grade floor is in use. For the marking period 4, midterm exam and final exam, the grade floor will NOT be used; the student's grade percentage will be used.

Scholastic Honors Information

To recognize those students who have accomplished a high standard of academic performance, the following "Scholastic Honors" system has been established. Recognition will be given each rating period to students who meet these scholastic standards.

Honors - a student shall attain a 3.25 average in all subjects including Exploratory Arts.

(no Ds, Fs, or I's in any subject are permitted).

High Honors - a student shall attain a 3.5 average in all subjects including Exploratory Arts. (no Ds, Fs, or I's in any subject are permitted).

The NJHS member exhibits academic achievement (Cumulative GPA of 3.8 or higher), leadership, honorable and admirable character, citizenship, and service that demonstrates the member is willing to use his or her talents and skills for the improvement of society. It is both a privilege and a responsibility to be selected to participate in the National Junior Honor Society.

Seventh grade students are invited to join if their cumulative grade point average is 3.8 or higher at the end of the third marking period.

Eighth grade students who are new to our school will need to have a 3.8 GPA from their 7th grade year in their previous school, plus demonstrate a 3.8 GPA in their 1st marking period as an SLMS student to qualify for NJHS. The student must then report to the main office at the appropriate time and return the slip before leaving the building. Parents are to meet students in the reception area and sign out with a secretary.

Library

The library program is designed to encourage student growth, create confident researchers and lifelong learners. Students use the middle school library for a variety of reasons; to learn the skills required to use library resources efficiently, to apply library skills in the academic/arts areas, and to find the right book for personal reading pleasure.

Books and magazines/journals are available in a wide range of interest and reading levels for research and leisure reading. Materials may also be borrowed from other PA libraries through the ACCESS PA resource-sharing program.

Online resources for students include: Destiny Quest, ACCESS Power, Elibrary, Sora (Overdrive), Gale Virtual Reference Library, SIRS Knowledge Source, Newsela, BrainPop, Discovery Education, Global Issues in Context, Opposing Viewpoints in Context and US History in Context. Many of these resources are also available to students from home.

One-to-One Laptop Initiative

The Middle School is a 1:1 environment, providing each student and teacher with a MacBook Air laptop for individual use. The Middle School also provides the following technology tools for students/teachers: 1 computer lab, LCD projectors in every classroom, Redcat sound systems in every classroom, document cameras and Apple TV's in many classrooms, green/blue screens, and podcasting microphones.

Applications provided include: Microsoft Office, iLife, and iWorks suites. Students are also provided a Google Workspace account, which provides unlimited online storage and access to internal email.

Students utilizing technology are expected to:

- Be responsible and comply with the SLSD Acceptable Use Policy
- Computers are to be used for academic purposes only.
- Use secure account passwords and keep them confidential
- Bring their laptop fully charged to school each day
- Know the whereabouts of their laptop at all times

- Laptops are approved for use within the school building during the school day.
- Students will have the opportunity to use the laptop off of school grounds after the proper registration documents are submitted.
- The laptops are school district property and should be treated as such. They will be assigned to each student just as textbooks are assigned.
- The laptops are school district property and should not be defaced. Examples include the application of stickers and or other decorations.
- Cases for the laptops are provided. Students are not permitted to remove the SLSD provided case.
- The laptop must be protected at all times. It may then be placed in a backpack but should not be transported uncovered at any time.
- Students will use the same laptop for their entire middle school and high school career.
- If a laptop is broken or not working properly, the student should submit a Tech Ticket through the SLSD website and work with the Technology Department to ensure that the student secures a Spare computer.
- Laptops must stay in a bag during lunch. Food and drink may not be used near the laptops.
- Due to the student body congestion in the halls, students should not be using laptops as they walk the hallways between classes.
- Students will be responsible for the cost of the computer if it is not returned, intentionally damaged, lost because of negligence, stolen (but not reported to high school administration).
- Our policy does not permit the use of personal computing devices, only Southern Lehigh School District laptops.

Student Passes

Student passes are provided on each agenda page, which allows teachers to see the student's history of the day; this may influence a teacher's decision if they will allow the student to leave their class. Passes and agendas are non-transferable. The student is required to get a teacher signature before leaving the area in which he/she is scheduled to be present.

Fire and Emergency Drills

Students should become familiar with fire exit routes from each of their classes. During a fire drill, students will leave the classroom in a quiet, orderly manner. The route and exit is designated on the fire exit sign. In the event of a building evacuation requiring another site, students are required to remain with their assigned class under teacher supervision. Orderly, cooperative and calm behavior is required for safety.

Telephone Use

The public telephones are for student use before and after school hours. In cases of illness or emergency, students should go to the nurse or office before calling home. Students **will not** be excused from class to make or receive a call. Social arrangements should be made **before** coming to school. Phone calls seeking parent permission to accompany a friend home that afternoon is not considered an emergency.

Students will be permitted to use the office phone for important phone calls between the hours of 7:30 a.m. through 8:00 a.m., during the first 10 minutes of their lunch periods, and 2:00 p.m. through 2:30 p.m.

Cell Phone use is strictly prohibited during the school day.

2. Arriving at school between 9:00 and 11:00 is considered a half day absence.

If students or parents/guardians have any questions regarding these letters, please contact the attendance secretary at the high school.

Reporting Absences

You can report your child absent from school by calling 610-282-3700. A written parent/guardian excuse stating the reason for a pupil's absence from school is required for each absence.

Parents/guardians of absent students are notified daily using an automated telephone notification system. Parents/guardians, please be advised that parental phone calls cannot take the place of a written excuse. Written verification for student absences is required for legal purposes.

Tardiness to Class

Students are expected to be in class when the bell rings. If the student has a legitimate excuse for his or her tardiness, he or she must have the teacher who caused him or her to be late sign a note indicating so. This note should be given to the teacher whose class the student is entering late.

Athletic Implications

1. In order for a student athlete to participate in any athletic activity, including practice, he/she must be in attendance at school before 9:00 AM on the day of the activity. Pre-approved educational trips, college visits, funerals, and medical/dental appointments are exceptions to this rule. The Middle School Principal or his/her designee is the only person that may waive the 9:00 AM rule. Students must be in school at start time prior to all doctor appointments after 9:00 AM until appointment dismissal time and all students must return to school with a doctor's note. For example, school starts at 7:40 AM and the doctor's appointment is at 9:30 AM, the student athlete must report to school on time and follow normal sign out procedures. A student who is absent from school may attend an activity as a spectator if the activity is open to the public.
2. A student athlete who leaves early during the school day may not participate in a practice or contest unless prior permission is granted by the building Principal or the Coordinator of Athletic Services. If the student athlete leaves school early to attend a doctor appointment, he/she must bring a note from the doctor verifying the appointment. This note must be given to the Coordinator of Athletic Services, Athletic Trainer or Coach. If the student athlete returns to the practice/game without the doctor note, the student athlete will not be permitted to participate.
3. A student athlete who is out of school suspended is not eligible to participate in school activities from the time the disciplinary action starts. The student athlete becomes eligible at 7:40 AM of the school day immediately following the last day of suspension. Therefore, a student out of school suspended on a Friday is not eligible for any weekend activities.

Truancy

Truancy is defined as absence from school during any part of the school day without the consent of parent and/or guardian of knowledge of proper school officials. Truancy from school will result in the absence being marked "unexcused."

Closing Of School Information

When it becomes necessary to close the schools of Southern Lehigh School District, several mediums are used to communicate the information to our community. The District uses **Blackboard Connect**, an automated alert system for important community announcements. This system enables the District to send voice, email and text notifications to select numbers and email addresses provided by parents. Parents should update their information as needed in their Blackboard account <http://www.slsd.org/parents.cfm?subpage=430888>.

The District web page will be updated to relay this information, and phone and email notification will occur for those who participate. All after school activities are cancelled when school has been closed due to weather conditions. This practice is also followed with early dismissals due to inclement weather. Information will also be available on the district website www.slsd.org. Information about weather delays can be found here on the [transportation webpage](#).

Alternate Busing

Students who wish to board a bus other than the one they are assigned to must obtain a special bus pass prior to requesting permission. The forms are available at each school and on the District website, www.slsd.org. This bus pass must be **completed and signed by a parent/guardian before** the office can approve it and must be submitted at the reception window **before or during homeroom**.

Keep in mind that buses are on scheduled routes; therefore, a situation may occur when a student's request may not be granted.

Student Transfer and Withdrawal Information *See Board Policy

Parents should notify the school of a pending transfer and/or withdrawal of a child. Please contact Southern Lehigh Middle School two or more days in advance of the withdrawal. After receiving notification, a withdrawal authorization can be prepared and student obligations (school equipment and book return) can be resolved prior to leaving. The student's permanent record, as well as reading and standardized test scores, will be sent upon receipt of a student transfer card from the new school.

Special Deliveries

While we encourage **student responsibility**, parents often deliver forgotten student needs (lunch money, homework, etc.) during the school day. Items can be dropped off in the threshold entryway at the main entrance. Items will be brought into the reception area by office staff at 9:00 am and 11:00 am. Please do not leave valuable items at the drop off location.

Lost And Found

Students are expected to assume the responsibility of caring for their own possessions, and are advised to keep expensive, valuable items at home. A Lost and Found area is outside of the cafeteria and should be checked regularly for lost items. Consult with office secretaries for valuables such as watches, purses, and jewelry. Personal belongings such as purses, wallets and monies should be kept with each individual student at all times. Never place valuable items in areas of open access. Any items left in the lost and found are donated twice a year to a local charity.

Working Papers Information

Students wishing to acquire working papers must accompany a parent or guardian to the Southern Lehigh High School Guidance Office (610-282-4546) and present some type of proof of age, such as a birth certificate.

Bicycles

Bus transportation is provided for all middle school students. Because of the highway and personal safety hazards involved, students are not encouraged to ride their bicycles to school. Those parents who permit their children to ride their bikes to school should note that the school is not responsible for loss or damage to the bike or accessories. A letter should be on file in the main office that verifies permission from a parent/guardian for a student to ride their bike to school. Student bikes should be parked in the rear of the building by the fence that surrounds the track and stadium. Students must provide their own locks and/or chains if desired.

Administration reserves the right to deny this privilege in cases of unsafe practices on or around school property.

Parental Transportation

Parents who bring their children to school should do so at the designated pick up/drop off area located along the curb in the **rear** parking lot of the building. This practice prevents students from

crossing in front of the buses and among cars moving in and out of the parking lot. Students should enter the building through the doors leading to the cafeteria. Pay attention to posted signs, and to custodial staff who will direct you through these procedures. Parents, please be aware of pedestrian traffic in the rear parking lot. **Please yield to afternoon bus traffic as they adhere to their schedule.**

Homework Request

If a student is absent for 1-2 days, please have the student utilize their own sources for attaining missed assignments. If a student is absent **2 or more days**, call the student absence line, choose #1, and provide the following information to voicemail:

- Student name
- Reason for absence
- Student's teaching team
- Dates that homework is requested
- Date and time when work will be picked up; keep in mind that **you must allow 24 hours for requests to be completed.**
- Pick up work in the guidance office
- If you have arranged for work to go home with another student, be sure you have notified that student.

Voice Mail

Classrooms will not be disrupted during the school day for phone calls. Middle School faculty and staff can receive messages directly through voice mail. When the office is contacted the caller will be directed to the building menu from which you can select the desired extension.

Email

Middle School faculty and staff can receive messages directly via email. Teacher email addresses can be found through the staff directory on the District website or on their teacher webpage.

Lockers and Desks

Lockers will be made available at the request of the student.

Hall, gym lockers and desks will be assigned to students. These are to be kept neat and orderly. Lockers and desks are the property of the Southern Lehigh School District and may be opened and/or searched by authorized school district personnel (refer to Board Policy regarding Searches). Please use discretion with the amount of money and/or valuable items that are carried by students. Students are urged to keep electronic equipment such as electronic devices and other valuables at home. To prevent personal belongings from being stolen, lockers should be kept locked at all times. **Southern Lehigh School District does not assume responsibility for lost or stolen items.** Students should not disclose their personal combination to other students and may not share lockers. (Change to electric devices)

Locker Procedures

Students may go to their lockers before homeroom and at team designated times. Teachers may allow students at their lockers during the day, but must issue a pass. Students are not to carry their backpacks to class.

STEM Safety Standards

All students and observers are to wear approved safety goggles and footwear in the STEM lab. Shoulder length hair must be pulled back and all shirts and blouses must be tucked in. In addition,

students are given further safety instructions as an introduction to each unit. These safety rules are to be observed at all times.

Physical Education Safety Standards

Due to the potential safety hazards involved with the misuses of physical education equipment, students are not permitted to use equipment unless they have been given direct permission of the instructor, and are under his/her immediate supervision. Physical Education safety instruction is given at the beginning of each unit. Failure to comply with these safety rules will result in a disciplinary referral to the administration.

The faculty and staff hope that all students will follow school rules, however, the school will discipline those who break school rules.

Discipline Philosophy

SCHOOL CODE OF CONDUCT

All Middle School teachers will enforce school rules in the halls, lavatories, and other less directly supervised areas. A standard utilization of the discipline code in these areas will give uniformity to student expectations in these less directly supervised areas.

Our secondary schools can better ensure disruption free learning environments by employing preventative and proactive approaches to student misbehavior. As classroom managers, teachers will establish classroom rules and make decisions concerning appropriate discipline of students in class. Additionally, all secondary school staff members have responsibility to enforce school rules in common areas such as the halls, lavatories, cafeteria, etc.

The administration will work with teachers, parents, guardians, and students to help students understand and comply with school rules. Parent and guardian support and cooperation is important in that it helps students to see adults as working partners in this process.

BUS CODE OF CONDUCT

It is a privilege to ride buses to school. Standards of conduct while on the bus are under the supervision of the school authorities. Bus drivers will report any cases of misconduct and the offenders will be dealt with under the School District Bus Discipline Code.

Students are expected to ride to and from school on their assigned bus and get off the bus at the assigned bus stop, unless permission has been granted to do otherwise by the building principal. If a student misses the bus, it is the responsibility of a parent/guardian to arrange transportation.

If the temperature is below freezing, or if there is precipitation, a student may return home when the bus has not arrived within fifteen (15) minutes after its scheduled time. If the temperature is above freezing and there is no precipitation, a student should wait forty-five (45) minutes.

Purpose

Appropriate behavior on the buses, which provide transportation for students, is important for two reasons:

- First, inappropriate behavior can result in safety hazards not only for the individual student but also for other students on the bus;
- Second, socially unacceptable behavior can infringe on the rights of other individuals. This Bus Discipline Code has been developed with these two purposes in mind.

School Bus Safety Policy prohibits placing items in the aisles or area near exits. Only those items that can be held on a student’s lap are permitted on the bus.

The following musical instruments and equipment are NOT permitted on a school bus:

Trombone	Bass Drum	Marim Drum Sets	Sousaphone	Tuba
All Bassoons	Vibraharp	Amplifier String Bass	Electric Pianos	Xylophone
Bass Amplifier Systems	Music Stands (non-foldable)			

The administration of this bus discipline code will reflect the level of social maturity of the individual student. At the elementary level, disciplinary action may be tempered as appropriate to the maturity level of the child. At the secondary level, Middle School and High School, the code will be administered as written.

The use of audio/video recording devices on school buses for reasons of safety and to monitor student misconduct for disciplinary purposes has been approved by the Directors of Southern Lehigh School District has authorized the use of appropriate behavior on the buses, which provide transportation for students, is important because inappropriate behavior can result in safety hazards for students. Additionally, socially unacceptable behavior can infringe on the rights of other individuals. Typical infractions have been divided into four categories with corresponding levels of disciplinary action aligned with the Code of Conduct.

For the protection and safety of all students, video and audio recording devices may be utilized on school buses. Behavior and communication of students, while riding school buses, may be used for purposes of student discipline under provisions of the School District's Bus Transportation Policy, Student Discipline Code, and the Public School Code.

Academic Honesty Policy

Rationale:

The purpose of academic honesty procedures is to foster and maintain an academically honest environment, as such, honest and accurate assessment of student achievement and progress requires honest work by each learner.

Definition:

Academic dishonesty occurs when students obtain or assist others in obtaining credit for work which is not their own.

Procedures:

At the beginning of each course, teachers will inform students of procedures and practices related to homework, assessments, laboratory reports and class work. Teachers will guide students in understanding when collaborative efforts are appropriate.

Students are responsible for maintaining their own academic honesty and must hold themselves to the highest standards of personal and academic integrity. Work that a student submits for credit must represent the student's original thoughts and understandings. When a student wishes to borrow the thoughts and ideas of others, he/she must realize that those thoughts and ideas represent intellectual property; therefore it is the student's responsibility to properly cite their source(s). When students have a question about this policy, it is the student's responsibility to ask questions of their teacher in order to receive clarification. In addition, students should adhere to the following guidelines in order to minimize the risk for academic dishonesty:

1. Schedule an appropriate amount of time to complete work
2. Refrain from giving other students their work to copy or use
3. Ask teachers for clarification, especially with proper citations

Students must also realize that they live in a society with increasing technological advancements. As the level and capability of these technologies advance, it is important that students remain committed to academic honesty. Using technology to misrepresent one's work is considered dishonest and will be handled using the consequences listed below.

Examples:

Examples of academic dishonesty include, but are not limited to:

Plagiarism – Plagiarism is the act of taking and using, whether intentional or unintentional, as one’s own work another’s published or unpublished thoughts, ideas and/or writings. The definition includes computer programs, drawings, artwork and all other types of work, which are not one’s own. Types of plagiarism include word-for-word, mosaic (rearrangement or rewording without proper documentation) and indirect (paraphrasing without proper documentation).

Cheating

- Use of a “cheat sheet” or “crib” notes
- Copying another’s assignments or homework
- Looking off another’s test or quiz
- Use of unauthorized materials during an assessment or assignment
- Inappropriate collaboration
- Unauthorized use of technology (such as: cell phones, calculators, etc.)
- Removal of assessment(s) or assessment answers from a classroom in an unauthorized manner

Bullying

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting and/or outside a school setting, that is severe, persistent or pervasive and has the effect of doing any of the following:

1. Substantial interference with a student’s education.
2. Creation of a threatening environment.
3. Substantial disruption of the orderly operation of the school.

Bullying, as defined in this policy, includes cyberbullying.

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying. Students who have been bullied should promptly report such incidents to the building principal or designee. A student who violates the Southern Lehigh School District Bullying Policy #249 shall be subject to appropriate disciplinary action consistent with the Code of Conduct as stated in the Student Handbook.

Additional Disciplinary Guidelines

1. Whenever the behavior of a student is a violation of the criminal code, the police will be contacted.
2. Restitution must be made whenever property damage, vandalism or theft takes place.
3. A student who receives no disciplinary referrals for one marking period may be reinstated to the first step of each level for all subsequent disciplinary action (this applies to Level I, II and III violations only).
4. The administration reserves the right to use discretion whenever there is a violation of the Code of Conduct. If a behavior or action is of an extreme nature, immediate long-term suspension and/or expulsion may occur.

5. The entire Code of Conduct applies anywhere on the School District property (inside and outside the building). It also applies to all school activities (on or off school property). Examples include athletic events, field trips, proms, class trips, and dances.
6. All disciplinary action that results from end of the year violations of the Code of Conduct must be served before final exams are taken.
7. No more than three after school detentions can be accumulated. All others will become 3hour after school detentions. No more than two 3hour detentions can be accumulated. All others will become 12days of out of school suspension.
8. Senior students must complete all detentions, including 3hour after school detentions, prior to obligation day. Any outstanding detention will be considered an obligation owed.
9. Suspended students may not be on school grounds at any time during their suspension. This includes before and after school activities.

DEFINITIONS

Detention

In compliance with the discipline code, students may be required to remain after school for detention. During this time, students will be expected to copy the discipline code or do another assigned disciplinary task. Students will not be permitted to do homework, to sleep, or to do nothing during detention.

It is the student's responsibility to notify their parents of the date and reason of the detention. Detentions are held Monday through Thursday after school, as needed. Whenever possible, students will serve detention the day of the offense.

Saturday Morning Detentions

In compliance with the discipline code, students may be required to attend Saturday morning detentions. Saturday morning detentions will be from 8:00 a.m. to 11:00 a.m. at the Middle School. Transportation will not be provided. Students are expected to be on time. Students, who fail to attend an assigned Saturday morning detention or are uncooperative during the detention, may be assigned an out-of-school suspension.

Suspension and Expulsion

Disciplinary action will be taken as required to maintain an environment where a quality education can be provided for all students. Individual student behavior in conflict with the student responsibilities listed in the School Board Policy Suspension/Expulsion #233 will be considered as cause for disciplinary action. A suspended student is not permitted to be on school grounds at any time during their suspension including after school activities.

Concerns

Should there be any questions or concerns about actions taken with a student which fall within the discipline code, the student and/or parent should first contact the teacher or Assistant Principal, whoever is most directly involved. If the problem is not resolved, the procedure would be for a student's parents to discuss the situation with the principal and then, if need be, with the Superintendent of Schools, and if still necessary, with the Board of School Directors.

Complaint Procedure

Any parent, resident or community group that has a complaint with regards to district personnel, programs or operations of the district, should refer to School Board Policy 906 for our district's complaint procedure.

Hearing/Right of Appeal

Informal Hearings

Any student subject to suspension of more than three days will be given an informal hearing before an appropriate school official to explain the circumstances surrounding the events for which the student is being suspended or to show why the student should not be suspended. The informal hearing shall be offered within the first five days of the suspension. The following due process requirements will be observed:

1. Notification of the reasons for the suspension in writing, given to the student and parent or guardian.
2. Sufficient notice of the time and place of the informal hearing.
3. The right to question any witnesses present at the hearing.
4. The student's right to speak and produce witnesses on his own behalf.

Formal Hearings

Students facing expulsion from school for more than ten days will be afforded all appropriate elements of due process including a formal hearing before the Board of School Directors or a duly authorized committee of the Board. A hearing committee's decision is advisory in nature to the school board where expulsion is recommended. A majority vote of the entire school board is required to expel a student.

At the formal hearing, the following due process requirements will be observed:

1. Notification of the charges in writing, sent to the student's parents or guardian by certified mail.
2. Sufficient notice of the time and place of the hearing.
3. The right to an impartial tribunal.
4. The right to be represented by counsel.
5. The right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.
6. The right to request that any such witness appear in person and answer questions or be cross examined.
7. The student's right to testify and produce witnesses on his own behalf.
8. A record must be kept of the hearing, either by tape recorder or stenographer. The student is entitled, at the student's expense, to a copy of the transcript.
9. The proceeding must be held with all reasonable speed.
10. The hearing will be held in private, unless the student or parent/guardian request a public hearing.

Appeals

The student and/or his parents/guardian may appeal any ruling by a school official to that official's immediate supervisor. Appeals to the Superintendent of Schools and the Board of School Directors must be made in writing on a form available in the school office and addressed to the Superintendent of Schools. Any appeal must be made promptly, usually within 48 hours. It must be pointed out that no student will be permitted to graduate while an appeal is in progress. An appeal to the Superintendent will be heard within 15 days of receipt of the appeal forms. Should the

parent/guardian be dissatisfied with the Superintendent's decision, they may present their appeal to the Board of School Directors. This appeal must be heard at the next regularly scheduled board meeting unless other arrangements have been mutually agreed upon. Failure of the parent/guardian to present the appeal to the Board within 45 days will nullify the appeal.

The list of misbehaviors and actions listed in the discipline code are minimum guidelines for disciplinary action. The list is not all-inclusive. Other misbehaviors will be dealt with as they occur. Misbehaviors not specifically identified will be treated in the same manner as those to which they are most similar. Methods of dealing with misbehavior, as well as application of the disciplinary code, will be utilized as needed. This can include immediate removal of a student from school property in extreme situations.

Special circumstances may also result in immediate progression to the final steps of the disciplinary code, or immediate referral to outside agencies in conjunction with the policies of the Southern Lehigh School Board. For example, due to aggravating circumstances or the seriousness of a particular offense, the administration in its absolute discretion may accelerate an offense from one level to another level and recommend a greater action of discipline, including referral to an expulsion hearing.

Commitment to Parent Involvement

We at SLMS are committed to the belief that all children can learn and acknowledge that parents share the school's commitment to the educational success of their children.

We recognize that a child's education is a responsibility shared by the school and family and agree that to effectively educate all students, the teachers and parents must work as knowledgeable partners.

We define parent and family involvement as an ongoing process that assists parents and families to meet their basic obligation as their child's first educator, promotes clear two-way dialogue between home and school, and supports parents as leaders and decision makers at all levels concerning the education of their children.

Because of this, a written plan for parent involvement that establishes practices to enhance parent involvement and reflects the needs of students and families was jointly developed by parents and the school staff. This plan is a school-parent compact. SLSD would like to thank you for reading the compact with your child and discussing its importance.

Because the policy is a work- in-progress that requires periodic changes, we welcome your suggestions and comments.
