

SOUTHERN LEHIGH SCHOOL DISTRICT

A COMPREHENSIVE APPROACH TO COMBAT VAPING

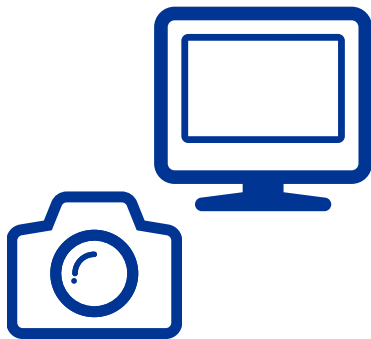

EDUCATE

Empower the Southern Lehigh School District Health and Physical Education Teachers in a comprehensive update of the curriculum to ensure a focus on vaping education as a key component for all secondary students.

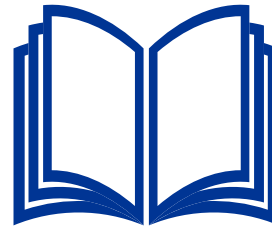

SUPPORT

Partner with the Caron Foundation to offer a free research backed nicotine cessation and reduction program focused on use, prevention, and intervention models designed to address high risk behaviors specifically in school aged individuals.

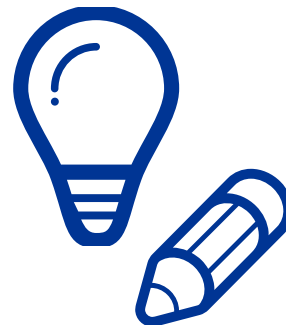

PROTECT

Install multi-sensor devices capable of detecting vape, smoke, THC, and sound abnormalities in all secondary school bathrooms to ensure the safety of students during the school day and during all school sponsored events.

ENFORCE

Update the existing tobacco and vaping policy to ensure that the enforcement of school discipline is consistent with the legal mandates in the State of Pennsylvania when students are caught using and/or sharing these devices during school or at school sponsored events.

DEVELOP

Partner with the Caron Foundation to provide professional development to district staff focused on current trends in teen substance use as well as provide education on the signs and symptoms of use and where to go with student concerns.

MORE INFORMATION

Additional information including vaping related resources are available on the Southern Lehigh School District Website by clicking on the District Tab and then the Safety and Security subpage.
