

Emergency Instructional Time Template

Section 520.1 - 2021-22 School Year

As communicated to chief school administrators on July 6, 2020, Section 520.1 of the School Code provides flexibility to meet minimum instructional time requirements in the event of an emergency that prevents a school entity from providing for the attendance of all pupils or usual hours of classes at the school entity. As occurred for the 2020-21 school year, the Pennsylvania Department of Education (PDE) considers the World Health Organization-declared Coronavirus disease (COVID-19) a global pandemic and an emergency as contemplated by Section 520.1 for the 2021-22 school year. Nothing in Section 520.1 of the School Code should be construed to extend beyond the 2021-22 school year.

A local education agency (LEA) that elects to implement temporary provisions in response to the COVID-19 global pandemic may meet the minimum 180 days of instruction and 900 hours of instruction at the elementary level and 990 hours of instruction at the secondary level through a combination of face-to-face and remote instruction, consistent with the requirements outlined in PDE's July 6, 2020, guidance. Such LEAs must provide PDE with the following information specific to the 2021-22 school year:

1. LEA's Proposed Calendar and Schedule(s) for SY 2021-22

a. School Year Calendar

School Year Start Date	School Year End Date	Total Number of Instructional Days Must meet minimum 180 Days
8/30/21	6/07/22	184

b. Should a school need to use remote learning at either the student or school level, LEAs should submit a sample weekly schedule reflecting remote learning as approved by the LEA's governing body. (Recognizing the need for flexibility and that circumstances may change as the LEA responds to the COVID-19 pandemic, an LEA may provide more than one proposed weekly schedule.)

2. When using remote learning (i.e., learning outside of the school building), describe how the LEA will ensure access for all students.

If using remote learning, the Southern Lehigh School District will ensure that the following are in place to ensure access for all students;

- The SLSD is a 1:1 district where all students, Grades K-12 are provided with a device that they take home from school. (i.e., iPads for Kindergarten to Grade 3, Chromebooks for Grades 4-6, and Macbooks for

Grades 7-12) Further, all professional staff and instructional assistants also have access to a take home device. The SLSD Technology Department offers remote IT support that all students and staff can access via a remote portal. The SLSD IT Staff can remotely fix associated problems throughout this process without having to physically access student machines. Directions for accessing remote information technology support are on the SLSD Website and are periodically sent to stakeholders through various communication platforms.

- The SLSD provides students with access to the Internet who do not have it at home through the provision of WiFi Hotspots on an as needed basis. These WiFi Hotspots connect directly to the student devices that they are provided by the SLSD.
- All materials and resources required for the students to engage in instruction will be made available on the school buildings corresponding Learning Management System. (i.e., Seesaw for Kindergarten to Grade 3, Google Classroom for Grades 4 to 8, and Google Classroom and Canvas for Grades 9 - 12)
- Should remote learning be necessary, each of the classrooms in the district utilizing remote learning will schedule live, whole class meetings for each of the subjects daily on a schedule that mirrors the existing school buildings schedule. Attendance will be taken within these spaces and logged into the Student Information System. The Building administration will complete daily attendance procedures following established procedures in an effort to communicate attendance in a timely manner.
- Professional Staff and Academic Support Staff will meet with students both in large and small group virtual settings using video conferencing platforms. This ensures that instruction is completed and small group support is available to those students who need additional support.

3. The Chief School Administrator and Board President affirm the following:

- ✓ The proposed school calendar and academic schedule(s) will provide all students the planned instruction needed to attain the relevant academic standards set forth in Chapter 4.
- ✓ The proposed school calendar and academic schedule(s) allow sufficient instructional time necessary for content mastery and provide instructional blocks for each grade level and content area.
- ✓ The proposed school calendar and academic schedule(s) provide at least 900 hours (elementary) and 990 hours (secondary) of in-person instruction and or remote learning for all students. (Such time may include synchronous and or asynchronous instruction.)
- ✓ The proposed school calendar and academic schedule(s) define instructional time for students as time in the school day devoted to instruction and instructional activities under the direction of certified school employees. (Such time may include synchronous and or asynchronous instructional activities.)
- ✓ Clearly defined systems for tracking attendance and instructional time will be implemented to ensure student engagement in remote instruction.
- ✓ The LEA acknowledges that it must provide Free and Appropriate Public Education (FAPE) during this pandemic-related emergency.
- ✓ The proposed school calendar and academic schedule(s) ensures ESL services for English Learners.
- ✓ Clearly defined and ongoing systems for evaluating the quality and outcomes of instructional delivery will be implemented, at least quarterly, and necessary adjustments will be made when data highlight concerns about quality, equity, and or lack of progress in student learning.
