

Southern Lehigh School District Community Announcement

Southern Lehigh School District is pleased to announce that it will switch to Infinite Campus as its new student information system beginning July 1, 2024. Infinite Campus will replace both the current student information system, Sapphire K-12, and Blackboard, our district-wide communication system.

Infinite Campus will provide a significant upgrade in how our students and families receive information. Shortly after July 1, 2024, parents and students will receive an email formally introducing Infinite Campus and providing instructions about downloading an app to take full advantage of the new system.

No action is required right now. Instructions will go out in early July to every parent email we have on file. If you wish to update your email that the district has on file, kindly contact the main office of the school your child attends.

More information about Infinite Campus can be found under the "Parent" tab on the district's [website](#) or simply by [clicking this link](#).

This is one of the busiest times of year for our families. In summary:

- ***No action is needed right now***
- ***Reach out to your child's school if you wish to update your email address.***
- ***Watch for additional instructions in early July to connect with our new Infinite Campus system.***
- ***The district will send out reminders as July approaches. We will also assist in every way to make this exciting change to Infinite Campus a success.***

Best wishes to our families and communities as this week we celebrate the amazing students of the Class of 2024.

Go Spartans!
