## SOUTHERN LEHIGH

September 30, 2021

Dear Parents/Guardians or Staff Members,

The Southern Lehigh School District will continue hosting a Parent University Series during the 2021-2022 school year. The SLSD Parent University Series is an online seminar where district staff and/or community partners provide resources to parents and guardians in an effort to support the development of a more advanced understanding of various programs that exist within the Southern Lehigh School District or educate our community on a variety of issues that we are facing.

On September 30th, the SLSD will host the first Parent University Program for the 2021-2022 School Year. This program will feature information about the related resources available within the Southern Lehigh School District School Counseling Department. The event will feature brief presentations by representatives from the K-12 School Counseling Team, the SLSD School Social Worker, an SLSD Student Assistance Program (SAP) Team Member, staff from the Caron Foundation, staff from the Lehigh Valley Health Network School Based Behavioral Health Team, and a summary of the Safe2Say Something Program.

This presentation will be completed via Zoom and recorded and posted on the [Parent University Page](#) for those who are unable to attend. Login information about this program can be found below.
