

Happy Friday!

We are ready to welcome all of our students back to school on Monday and were fortunate to have met our new families at Orientation. Seeing all of our families again reminded us all why we do this work.

Speaking of work... ;)

Our "First Day Forms" will be electronic this year. We hope this makes it easier for parents as we collect important information all in one place, electronically. Some of the items are for informational purposes only and some forms will not require all families to fill out. For example:

- If your child needs prescribed medication during the school day, you will need to print and have a physician sign the SLSD Health form to send in (page 4/14).
- If your child has allergies or special dietary needs, you will need to print and send in the Medical plan of care for school food service (page 5/15).
- The free and reduced school meal family application can be found on page (15/15). Although lunches will be free this year, the benefit eligibility can apply to other state programs.

If you are unable to print, please call the office to request a hard copy.

You have a head start if you want to work ahead this weekend, or please have information filled out by September 10th.

Finally, if you have not registered for Pick Up Patrol, our automated dismissal system, please do as soon as possible.

Having trouble? Click for [FAQs](#).

As always, if you have any questions or need anything, do not hesitate to reach out. We are excited and ready to roll on Monday!

Have a fantastic weekend!  
Lynn Chromiak, Principal
