

Dear Candidate to West Point,

Please join the West Point Admissions Office, the West Point Field Force and current Cadets on Friday, December 13th at 6:30PM at the Independence Seaport Museum 211 S. Columbus Blvd Philadelphia, PA 19106.

The West Point experience is unique and focused around the four pillars of Character, Academic, Physical and Military that makes it different from other colleges. At West Point you will learn and incorporate the ideals of loyalty, respect, integrity, courage and honor in your daily life. *You will learn failure can make you stronger.* Going outside your comfort zone helps you grow. Character is relevant. *Grit makes the difference in success in life and never, ever quit!*

Academically, you will learn to *communicate effectively* and *think critically and creatively*. You will hear about the ***all expense paid internship programs*** available **ONLY** at West Point. Would you like to spend 3 weeks working in Washington at the National Security Council? How about 3 weeks in England studying Shakespeare? Maybe 3 weeks at Oxford University?

How about participation in one of the ***130 Cadet Clubs*** including Academic, Sports, Hobby, Military, Religious and Support Clubs?

Did you know many graduates go on to ***all-expense paid graduate school?***

Find out how West Point graduates compete for and receive so many *Rhodes, Marshall, Hertz, Olmsted, Mitchell, Truman and Fulbright Scholarships* after graduation!

Also find out where your career will be in 10-15 years after graduation and the benefits not found in civilian life.

West Point is not for everyone but if this **culture and these opportunities** appeal to you, take the chance on a once in a lifetime opportunity!

Please bring your parents so they can learn about these opportunities too and help support you in this process.

We look forward to meeting you!

This decision can change your life and maybe the world!
