

Demographics

The Southern Lehigh School District (SLSD) is comprised of Coopersburg Borough, Upper Saucon Township, and Lower Milford Township. The District lies within a developing area of Southeastern Lehigh County. The Allentown/Bethlehem metropolitan area, with its airport, commercial and employment opportunities, is several miles to the North, while Philadelphia and New York City are within what is now considered acceptable commuting distance. The character of the School District is that of a suburban area. The district encompasses 44.5 square miles, which is moderately below the state average of 89 miles, and lower than the peer group average. Coopersburg Borough is an attractive small town with a commercial center and well-maintained homes. Both townships have moderate to large-scale homes spread over beautiful rolling hills and a pastoral landscape. The Stabler Center, The Promenade Shops at Saucon Valley, two strip malls, and various small businesses make up the majority of commercial resources. Combined with an excellent road system, which includes Interstate Highway 78, and the excellent reputation of the School District, this area is predicted by the Lehigh Valley Planning Commission to experience steady and continuous growth for the next 20 years.

The Southern Lehigh School District is a grade kindergarten through grade twelve district with three elementary schools, one intermediate school, one middle school, and one high school located in central eastern Pennsylvania. Seven years ago, 3,014 students were served by the district. Currently, Southern Lehigh School District serves 3085 students in six schools: three elementary (K-3), one intermediate school (4-6), one middle (7-8), and one senior high (9-12) with an annual budget of 53.9 million. The district has experienced a 2.3% enrollment increase over the past 7 years.

District Report Card

Report cards are an important source of information about performance and accountability. They allow districts to compare data in a consistent way and highlight opportunities for improvement.

This report card will show not only the achievement of students overall, but also the progress that disaggregated groups are making in closing achievement gaps. Report card data help Pennsylvania school districts and the Pennsylvania Department of Education focus on specific groups of students who are currently not meeting academic standards.

The report card is designed to ensure that the public is fully informed about performance, and to promote broader participation and better decision-making by providing a shared source of performance data. This federal initiative is based on the idea that a well-informed public plays an important part in school improvement.

Using Report Card Data

Report cards should be used to share information. Adequate Yearly Progress (AYP) is not measured by the strength of this report card. The data on this report card may not match AYP data published for this district.

This report contains:

- **Attendance and Graduation data**
Attendance and graduation rates are displayed for the most recent school year.
- **The Accountability Report**
This section shows the district's performance compared with the goals set by No Child Left Behind. Student results from the Pennsylvania System of School Assessment (PSSA), PSSA-M, and PASA are listed by disaggregated group and by Performance Level.
- **The Assessment Report**
Here you can compare two years of PSSA, PSSA-M, and PASA academic performance and participation data for this district. These results are displayed by grade, subject, and disaggregated group.
- **Adequate Yearly Progress Status**
Here you can find the total number of schools in the district identified under each AYP status and the name of each school identified.
- **Teacher Qualifications**
This section includes both numbers and percentages of teachers in the school who are highly qualified or hold emergency certification.
- **National Assessment of Educational Progress (NAEP) Data**
NCLB regulations require NAEP results on state and district report cards. This section contains NAEP information.

Attendance and Graduation Data

District SOUTHERN LEHIGH SD

Pennsylvania's accountability system includes school assessment based on attendance and graduation rates. Attendance rates measure the number of days that a student was both enrolled and present in the school. Research shows that a strong relationship exists between regular attendance and academic performance. Graduation rates measure the number of students receiving a regular high school diploma in a given year against the total number of dropouts over four years.

— Indicates fewer than 10 students in a group. To provide meaningful results and to protect the privacy of individual students, data are printed only when the total number of students in a group is at least 10.

¹ Attendance measure is a goal of 90%, or any improvement from last year.

² Graduation measure is a goal of 85%, or a target of 82.5% or a 10% reduction of the difference between the previous year and 85%.

³ There can be overlap among the groups since a student may belong to more than one of these groups.

Assessment Report

District SOUTHERN LEHIGH SD

The purpose of this section of the report card is to show how students performed on the PSSA over the past two years in Mathematics, Reading, and Science. This data table captures this district's overall performance results and participation rates by disaggregated group and compares it to this district's results in the previous year. The table reflects all students taking the PSSA in Grades 3-8 and 11 who were in this district for any part of the academic year.

Teacher Qualifications

District SOUTHERN LEHIGH SD

Professional Qualifications of Teachers

No Child Left Behind requires that all public school teachers in core academic subjects be Highly Qualified. Teachers are generally required to be fully certified and to demonstrate their knowledge.

In Pennsylvania, a Highly Qualified teacher is one who: (1) holds full certification, (2) has at least a bachelor's degree, (3) has completed a content area major, (4) has passed a content area test, and (5) has completed teacher education coursework.

² Includes all professionals, not just classroom teachers.

National Assessment of Educational Progress (NAEP)

The NAEP, also known as The Nation's Report Card, is a national assessment of student achievement that is taken by samples of students representative of each state and of the nation. Tests in reading and mathematics are administered every two years and provide a means of comparing the progress of states in raising student achievement. The National Educational Assessment Program (NAEP) scores and the Pennsylvania System of School Assessment (PSSA) scores are not totally comparable. The NAEP scores are based on National Standards, and the PSSA measures standards that are unique to Pennsylvania. The data from the NAEP is based on a small sample, while the data from the PSSA is based on all students.
