Special Holiday Books

- The short month of February is jam-packed with good holiday reading. **If you are looking for Presidents' Day, Valentine's Day, Chinese New Year, 100th Day and Groundhog's Day material you are in luck! We have books and several DVDs that can be used to add to your classrooms.** Below you will find a list of my favorites. You can also access all of the materials we have available by checking our online catalog. I created resource lists for all of our Feb. books. Just click on the list you are interested in and all materials with summaries are listed. If you are not sure how to search our online catalog, ask me!! It is very easy!
- **Feedback needed- Our license for Enchanted Learning will expire this month. If this is a helpful resource for you, please let me know.** If not, we will let the license expire. If there is another website that you feel would be more useful, please feel free to recommend so we can check prices, etc.

I am finishing the final book order of the year. If you have a need for teaching resources that we could add to our library, please let me know. We are here to support you!

Presidents' Day
