Kristin Keck	2011 Fall Conference <i>(The conference will feature a great deal of information on PIMS, and we will also include sessions that cut cross a board spectrum of Child Accounting and school services that will provide critical information to child accounting and related professionals.)</i>	Hershey, PA	10/21/11	1	0.00	L	155.92
Lynn Yocum	"Dedicated" <i>(Conference opportunities include sessions that showcase the latest research, technology and practice in special education, standards and art-making. Tours and other special events that extend learning in the arts are featured throughout the conference.)</i>	Gettysburg, PA	10/21/11	1	100.00	L	311.89
Scot Engler	Eastern PA Special Education Administrators Conference <i>(Sessions of current legal issues impacting Special Education)</i>	Hershey, PA	10/26-28/11	2	0.00	L (Sp. Ed)	703.00

Funding Source: (L)ocal, (S)tate, (F)ederal, (A)pplicant, (O)ther

Linda Milliman	PECS Basic Training <i>(PECS is a language training program that is used to teach communication skills to students with limited functional speech. It establishes high effective learning environments for children with autism or related developmental disabilities and/or other learning impairments.)</i>	Philadelphia, PA	10/27-28/11	2	0.00	L (Speech)	465.00
Carol Macomb				2	0.00	L (Speech)	465.00
Robert Gaugler	59th Annual Technology & Engineering Education Association of PA <i>(The Technology & Engineering Education Association of Pennsylvania is preparing to host the 59th annual TEEAP Conference in Camp Hill, Pennsylvania on November 3-5, 2011. This even attracts technology educators from all over Pennsylvania and surrounding states and even from across the country to help improve the field of technology & engineering education. The first general session will feature “Encouraging Students to Pursue STEM Careers” by Mr. Robert P. Bellini (Lockhead Martin Information & Global Services, Valley Forge, PA). Bill has a strong understanding of the workforce need for STEM-capable individuals now and into the future. The second general session will feature a choice of one of four Engineering by Design™ labs. Two middle and two high school sessions will be offered free of charge to show attendees how to use EbD to teach Technology and Engineering Education while enhancing secondary STEM education.)</i>	Camp Hill, PA	11/4/11	1	100.00	L	237.61
