

Signature District Information

Project RED is seeking forward-thinking strategic allies to become Signature Districts. These selected districts will bear the mark of research-based methodologies and practices which lead to successful outcomes. Project RED Signature Districts will have access to special resources and benefits as they manage their technology implementation plans in the 2012-2013 school year.

Benefits

Selected districts will receive targeted support and resources, both on the Project RED Signature District Forum (website hub) and through online meetings, including:

- Inclusion in a cohort working group of five Signature Districts, which the Project RED Team will create by matching district characteristics supplied during the application process
- Facilitation of the cohort working groups through the protected website where activities will take place such as:
 - Weekly review and contribution to the Cohort Working Group's Forum by a Project RED Team member;
 - Monthly online meetings with all 20 Signature Districts, including issues raised by Signature District members, as well as highlights of best practices with project plans;
 - Review of your district-developed implementation project plan by the Signature District Cohort Team and alignment of your plan to the Project RED Design™ principles;
 - Review of your policies and procedures by your Signature District Cohort;
 - Q&A from all Signature Districts to obtain solutions and strategies from others;
 - Publicity opportunities as a Signature District member;
 - Discount registration to Project RED Institutes; and
 - Participation in the Project RED Advisory Board.
