## Concord <br> Public Finance

## Southern Lehigh School District <br> Discussion of Refinance of General Obligation Bonds, Series of 2010

August 8, 2016

1. On July 11, 2016, the Southern Lehigh School District (the "District") authorized the refinance of the General Obligation Bonds, Series of 2010, so long as the net present value savings were at least three percent of refunded principal, or \$264,741.
2. Concord solicited twenty three banks and received eleven proposals from ten banks.
a. The best bank proposal was from PNC Bank
3. The PNC Bank proposal was then compared to what was available in the current bond market. Available interest rates in the bond market were lower than the PNC Bank proposal and therefore, it was determined a bond issue would produce more savings.
4. This morning, a competitive internet bond sale was held, and six underwriting firms made 27 bids.
a. The best bid was from Janney Montgomery Scott.
5. The Janney Montgomery Scott bid produces $\$ 497,113$ of net present value savings, well in excess of the threshold set by the Board.
6. Attached are the analysis and results.
7. The Refinance of the General Obligation Bonds, Series of 2011 will next be pursued.
