	Tara Walter (Mentor for Chinese Teacher) Visiting Chinese Teacher	8	Chinatown, Philadelphia (Chinese Field Trip)	Apr. 2017/May 2017	Brandywine Lehigh/School Bus	Budget/Student Funds	During the Chinese class, the students will have learned how to say different foods, fruits, animals, colors, numbers and sporting goods in Chinese. They are going to learn how to say different places and jobs before the field trip. During this field trip, they can have a chance to practice all of the words they learned and have a competition among all of the groups. The students will also learn about the Chinese culture (including Chinese food, Chinese tea, Chinese decorations, etc.). Since Chinatown is one of the only places we can find similar to China, it's the best place to visit for this experience. Students will be required to try to order dishes, ask prices and have other dialogue in Chinese during the field trip, so that they can have an experience in a real environment and have conversations practicing oral Chinese authentically and in a meaningful way.
	Tara Walter (Mentor for Chinese Teacher) Visiting Chinese Teacher	8	Chinese Speech Competition at the Southern Lehigh High School	4/1/2017	Other	No Cost	The students will be able to practice the sentences and language skills they have learned, learn some new sentences, communicate with higher level students and learn from them. The students will know more about how other people learn Chinese, and how they can improve their Chinese and some Chinese culture.
