PROJECT PROGRESS REPORT

JULY 2025

Moving from DEMO to CONSTRUCTION

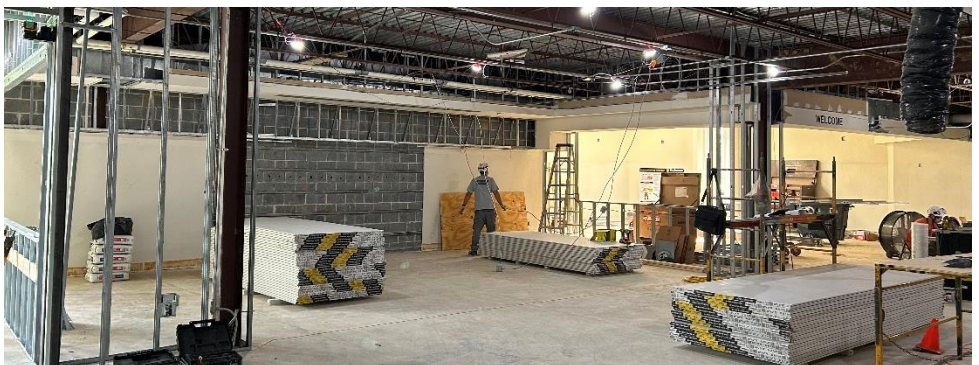

Figure 1 New Makerspace Lab area takes shape as framing gives way to drywall. This new space will increase opportunities for hands-on learning, problem-solving, and creative experimentation for our students.

WHAT'S NEW?

With demolition completed, Boyle Construction has begun defining areas within the space through completion of framing and drywall, which is approximately 70% complete. The new window opening was cut in which will add to the natural lighting and enhance the overall appeal of the space. Additionally, Mechanical, Electrical and Plumbing continues on schedule. Over the next two weeks their focus will be on finishing and painting walls, installing ceiling grids and light fixtures and prepping flooring.

PROGRESS ON ROOFING PROJECTS?

Figure 2. Crane service allowing for Poly ISO Roof Insulation Boards and equipment including curbing to allow for installation on the new RTUs (rooftop units).

Roof work at both the Middle School and Liberty Bell ES is in full swing as both contractors have made excellent progress with the Middle School at 50% completion and Liberty Bell at 40%. Albeit challenging with thunderstorms always a threat in summer, both projects are on schedule and proceeding nicely.

Both projects include a HIGH-QUALITY 90-mil EPDM single membrane cap sheet that carries a 30 year Warranty. The MS roof is being completed by Detwiler Roofing, LLC and Liberty Bell work is being done by Mid-State Roofing & Coating, Inc.

THE CHILLERS HAVE ARRIVED AT LIBERTY BELL!

HS PARKING LOT REPAIRS SET TO BEGIN IN AUGUST

Continued thanks to our Maintenance Department, led by our new Director, Andrew Mather, P.E., and the various custodial staff involved in ensuring our buildings remain safe, accessible, and ready for the start of a new and exciting school year ahead. We appreciate your patience as we look forward to these exciting projects that will add value for years to come.

Likewise, our building principals Mr. Joshua Miller at the High School, Mrs. Deanna Webb at the Middle School, and Mr. Brian Mansfield at Liberty Bell ES continue to adapt to any temporary displacements and ensuring smooth Summer operations along with other safety measures for overall site safety.

Updates will be made available on our district website: www.slsd.org.
