Getting started with
iOS® devices (iPhone®/iPad®/iPod® touch)

You can use the OverDrive app to get eBooks, audiobooks, streaming videos, and periodicals from your library on your iOS device (iPhone/iPad/iPod touch).

NOTE: Some digital formats may not be available from all libraries.

STEP 1
Download the OverDrive app from the Apple App Store.

STEP 2
Open the OverDrive app and follow the prompts to create an OverDrive account and log in. If you're under 13, select **I am under 13 years old** instead.

STEP 3
In the OverDrive app, swipe from left to right to open the **Home menu**. Then tap ➕ Add a library to find your library's OverDrive website.
- Tap the ⭐ to save your library to your library list.
- Tap your library's name to start browsing.

STEP 4
Log into your library's OverDrive website with your library card and borrow a title.

NOTE: Magazines and newspapers work a little differently than other digital titles. They have a **Send to NOOK** app button instead of a **Borrow** button, and to read them, you'll need to install the NOOK reading app from the Apple App Store. See our "getting started with periodicals" guide for more help.

STEP 5
Find borrowed titles under your account on your library's OverDrive website. You can:
- Download EPUB eBooks and MP3 audiobooks directly to the OverDrive app.
- Add streaming videos to the OverDrive app.
- Tap **Read** to open and read eBooks right in your browser.
- Tap **Listen** to open and play audiobooks right in your browser.
- If you've installed the Kindle® reading app from the Apple App Store, select **Kindle Book** (U.S. only) to complete checkout on Amazon's website and send the book to your Kindle reading app.
