

# STARTALK 2017 SUMMER CAMP

Join us for an exciting 12 day intensive, non-residential program to learn Mandarin language and Chinese culture. This year's program connects Chinese language learning with Beijing Opera, Puppetry, and Taiji/ Kung Fu. Chinese language teachers and artists will be providing a wonderful opportunity for students to work with experts in the fields of Chinese martial arts, puppetry, theater, music, and language.

No Prior Chinese language experience is necessary.
