How do I get there?

Priorities and clarification(s)

Blackboard- If you received an email about this orientation, and chose a workshop... you have a blackboard connect account.

Sapphire- If you were able to access your child's schedule, and didn't wait for the paper copy in the mail... you have a sapphire account.

Priority #1- you really need a blackboard account

Priority #2- sapphire will give you access to grades as they are added, and will be where your child's report card is posted.

Priority #3- parent pick up process, if you use this often, you're going to want to get to know the process

Priority #4- EZ school pay

If you're looking for it, maybe it's always been there?
