

Dear Parents,

I want to take a minute to thank you for volunteering to facilitate a group during our heart dissections next Friday, February 15. We look at this as a unique opportunity for the kids and are excited that you will be helping us out.

Below are the scheduled times of the dissection labs and the parents who I have listed as facilitators. Please email confirmation of the times listed below no later than Sunday. If you are unable to make your assigned time, please let me know ASAP by email at millert1@sbsd.org or you can call me at 610-308-1803.

Also, if any of you who are currently practicing or have access to gloves the kids could wear during the dissection and are willing to donate a box or two, please send me an email to let me know. We have approximately 260 students experiencing this lab along with our facilitators.
